Absentee Ballot Rush

Hundreds Of Servicemen Will Help Name President

APPLYING FOR BALLOTS for her husband in Vietnam, Mrs. Kay Russell of Glenmoor, far right, signs an application at the County Election Board's office as Mrs. Mary Alice Cupp of the board's staff indicates the proper line. Mrs. Russell's daughter, Beth Ann, 15 months, waits on the counter. The ballots are on their way to Spec. 5 Jim L. Russell, who serves with the 557th Light Maintenance Co. at Cam Rahn Bay.

By ROBERT POPP

Although you and I must wait until Nov. 5, hundreds of people are voting in Vietnam right now to help decide who will be the next president of the United States.

Sounds outrageous, doesn't it? But it's not a wily Oriental trick to stuff the ballot boxes. The voters in Vietnam are American servicemen, many of them residents of Columbiana County, who are entitled to a voice in the election despite the fact they're thousands of miles from home.

Ballots will be marked in Saigon and other populous centers. And they'll be marked in the shade of a native "hooch" far out in the boondocks or inside the perimeter of a Special Forces camp perched on the border of Laos.

—:—

ARMY, NAVY, Air Force, Coast Guard and Marine personnel will mark the ballots at other spots around the world—on the deck of a destroyer in mid-Atlantic, in a barracks at Stuttgart, Germany, in a steaming squadroom in the Canal Zone—wherever U.S. forces are stationed.

Military personnel have been voting absentee ballots for more than 100 years. Soldiers from Columbiana County helped return Abraham Lincoln to the White House during the Civil War. Many men cast absentee ballots from Germany and France in World War I. With the procedures simplified and streamlined, service personnel voted by the hundreds of thousands in World War II.

The County Election Board has augmented its staff to process the servicemen's applications as quickly as they are received and send the ballots on their way. Civilian absentee and disabled voter balloting also is under way, adding to the rush.

Of the hundreds of Columbiana County residents who have voted the so-called "soldier ballots," about half are stationed in the continental U. S. and 50 per cent are overseas, the board estimates. The ballots destined to men overseas go through Army Post Offices and Fleet Post Offices in San Francisco and New York.

—:—

A COMPARATIVELY few servicemen vote in every Ohio election. But in a presidential year — just as is the case with the civilians — the interest becomes intense and the number of ballot applications is doubled and redoubled.

Service personnel may apply directly to the board for ballots or the applications may be filed by a relative on behalf of the serviceman.

The board will honor any written request from a serviceman, provided it contains the pertinent information. He must show at least his home address in order to establish in which precinct his home is located. In voting and returning the ballots, the serviceman makes affidavit to his qualifications, in-

Washington Waits Response

North Viet Split Seen On U.S. Bomb Halt Bid

Authorities Hint Debate Grips Hanoi

Suggest Issue On Assurances For Limiting Of War

WASHINGTON (AP) — Disagreement between "Hawks" and "Doves" in Hanoi may be delaying a response to Washington proposals for ending all bombing of North Vietnam, diplomatic authorities here believe.

These authorities suggest a debate has been going on within the North Vietnamese leadership over the issue of giving assurances of limiting the war on the Communist side if President Johnson halts attacks on the North.

Firm Acceptance

The Paris sources said the U.S. proposals were made contingent on firm acceptance by Hanoi of the Saigon government as a party to any ultimate peace negotiations.

Participation in some form of the National Liberation Front, political arm of the Viet Cong guerrillas in South Vietnam, was said to have been conceded by the United States.

The official North Vietnamese newspaper, Nhan Dan, Thursday denounced Johnson's demand for what the North Vietnamese call "reciprocity" for ending the bombing.

Familiar Hanoi Position

But U.S. officials said this appeared to be more a continuation of the familiar Hanoi position stated many times in the Paris peace talks than actual rejection of the U.S. proposals in the present situation.

Johnson's requirements have been reported to include restoration of the demilitarized zone between North and South Vietnam, with removal of Communist forces from the zone, and an end to terror attacks on South Vietnamese cities and towns.

U.S. officials say that arrangements for a bombing halt have been thoroughly covered in consultations with governments allied in the war, including the South Vietnamese government, and that the "hangup" is now entirely in Hanoi.

Press reports from Saigon, however, have stressed objections by President Nguyen Van Thieu to any termination of the bombing of the North without a guarantee of Communist de-escalation.

Opposition also was reported from South Korea, whose 48,000 troops in South Vietnam are the second largest foreign contingent fighting for the Saigon government.

Ceremony To Be On Island Of Scorpios

Jackie To Marry Wealthy Greek Saturday Or Early Next Week

ATHENS (AP) — Jacqueline Kennedy arrived in Greece today to marry one of the world's richest men, Aristotle Onassis, ending five years of speculation about the future of the glamorous presidential widow.

A special Greek airliner brought the bride-to-be and her family to a military airport at Andravida, in southern Greece. As Mrs. Kennedy stepped from the plane and walked down the steps, she was greeted by Onassis, who had flown from Athens to take his bride on to Scorpios, the small scorpion-shaped island he owns south of Corfu.

They will be married there Saturday "or within three days at the latest," Onassis told newsmen in Athens.

ARISTOTLE ONASSIS
To Wed Mrs. Kennedy.

Onassis said they would spend their honeymoon on Scorpios "unless Jackie wants to make a tour of the Mediterranean with Christina," his palatial yacht named for his 18-year-old daughter by his first marriage.

Airport police confiscated all cameras and locked newsmen in the airport's waiting room about 300 yards away just before Mrs. Kennedy's jet landed.

Airport employes said Mrs. Kennedy was smiling as Onassis kissed her on one cheek. She took a deep breath, looked at the bright warm sun, and took her two children for a brief walk along the runway to stretch their legs.

Flown To Preveza

Then Onassis, Mrs. Kennedy, her party and his sister boarded the DC6 which had brought Onassis from Athens. It flew them to Preveza, on the west coast of Greece, where helicopters waited to ferry the group to Scorpios.

The wedding will unite the 39-year-old widow of assassinated President John F. Kennedy, left a wealthy woman by him, and a shipping magnate 23 years her senior who is often dubbed the "Golden Greek."

Onassis, 62, was divorced in 1960 after 14 years of marriage to the former Tina Livanos, daughter of another multimillionaire Greek shipowner. They had two children, and she later married England's Marquis of Blandford, the Duke of Marlborough's heir.

Mrs. Kennedy's plans to wed were announced Thursday in New York by her mother, Mrs. Hugh D. Auchincloss, whose brief statement said: "My daughter, Mrs. John F. Kennedy, is planning to marry Mr. Aristotle Onassis."

A few hours after the announcement, Mrs. Kennedy, her two children, Caroline, 10, and John Jr., 7, and a party of eight bumped 90 passengers from an Olympic Airways jetliner and took off from New York's Kennedy Airport for Greece. Onassis owns the airline.

The party included Mrs. Au-

Saigon Balking At Bomb Halt

Bombers Hit North Again

SAIGON (AP) — U.S. fighter-bombers streaked through heavy monsoon clouds again today to continue their daily bombing of North Vietnam while the Saigon government continued to balk at agreeing to a bombing halt.

North Vietnam's leaders in Hanoi were reported studying a new U.S. proposal for cessation of all bombing of the North in return for serious moves toward peace by the Communists. But South Vietnam's premier, Tran Van Huong, said his government could accept no such proposal unless it was favorable to South Vietnam.

Huong told the official Vietnam press any agreement by Saigon would have to be approved by the National Assembly as well as the executive branch. Top political figures is-cluding the leaders of the House and Senate have discussed the plan and are understood to be cool toward it.

With the military men it was business as usual although some said they felt an eventual bombing halt now appeared inevitable. More air strikes over North Vietnam's panhandle were planned for Saturday.

Air Force, Navy and Marine jets today kept up their steady attack on enemy supply channels south of the 19th parallel. Reports on the raids will not be available until Saturday, but U.S. pilots logged 100 missions over North Vietnam Thursday, concentrating on boats and barges along coastal waterways.

Assessment of the damage was hampered by the poor weather but the pilots reported destroying or damaging 19 supply boats, two trucks, six warehouses and two bridges.

U.S. military sources said the American pilots are concentrating more on the waterways be-

Boy Scouts Set To Admit Girls Into Troops In '69

NEW YORK (AP) — Girls in a Boy Scout troop?

That's what the Boy Scouts of America says is in store for 1969. And both the boys and girls seem to think it's a fine idea.

The group's executive board announced Thursday, after a unanimous vote, that starting next Jan. 1, the Boy Scouts will "be prepared" to admit girls to the Explorer program for boys 14 to 18.

"We have known all along that boys were interested in girls," said a spokesman for the 58-year-old orgarization which has almost 4.5 million members, including more than 300,000 Explorers. "Now, it's an acknowledged fact," he added.

A spot survey showed most Explorer Scouts liked the plan.

"It's a good idea," said Terry Ruch, 17, of West Chicago, Ill. "A bunch of dizzy dames balance" things, he said, and would provide an opportunity for different types of programs.

Bill Watson, 16, of Dallas, who's been an Explorer for one year, said, "Girls could possibly fit in if the program were carefully planned. . . I think it might be very interesting."

Mark Ohanian, 15, of Burbank, Calif., said, "When you get to a certain age. . . you don't have much time for scout-

Also on the docket are two cases of involuntary manslaughter. One defendant is Miss Nancy K. Stewart of Coraopolis, accused in the death of Daniel Mihalic of Baden June 16. The victim reportedly was hanging onto the outside of a car driven by Miss Stewart following a motorcycle gang party when he

$60 Billion Hike Seen In U.S. Output

Would Lift Gross National Product To $915 Billion

HOT SPRINGS, Va. (AP) — A panel of industry economists predicts an increase of some $60 billion in national output next year, nearly matching 1968's giant strides despite the tax increase.

The forecast was prepared for the fall meeting of the Business Council, blue-ribbon organization of industry executives, by its advisory team of some 20 professional economists.

The growth estimate would lift the Gross National Product to a total of about $915 billion.

Sources said the forecast sees continued price inflation. Thus far in 1968 price increases have accounted for about half the GNP increases, which amounted to $21.2 billion in the first quarter, $21.7 billion in the second, and $17.9 billion in the third.

Chairman Arthur H. Okun of the President's Council of Economic Advisers, who is attending the closed business session as a guest, has insisted that the administration's anti-inflation package—surtax plus federal spending cutback—will be felt with some severity later this year and early next.

Apollo's Steering Engine 'Perfect'

SPACE CENTER, HOUSTON (AP) — With a jolting burst of energy, the Apollo 7 astronauts fired their steering engine today in the most powerful maneuver ever made by a manned spaceship.

"Yabba-dabba-doo!" shouted Navy Capt. Walter M. Schirra Jr. as the huge engine flashed to life and spurted a steady tail of flame for 66 seconds as Apollo 7 raced 120 miles above the Gulf of Mexico.

"That was a real nice to-do, the machine performed beautifully," spacecraft commander Schirra reported at the completion of this vital test of the engine that one day will guide American astronauts to the moon.

Minutes earlier, the wives of Schirra, Air Force Maj. Donn F. Eisele and civilian Walter Cunningham were disappointed at not being able to see their husbands zip over their Houston homes.

All three gathered at a boat landing at Clear Lake near the Manned Spacecraft Center, hoping to catch a glimpse of Apollo 7 as it dashed across the heavens south of Houston.

But their view was obscured by low level clouds in the southwest.

When the burn started, it was under the automatic control of the spacecraft guidance and navigation system. Schirra took control manually the last 30 seconds to demonstrate the ability of the pilot to take over in case the automatic system failed.

He reported that momentarily during the firing, the astronauts were jolted out of their weightless world and that the gravity reading in the cabin was 1 G—equal to the force of gravity at ground level.

The engine was the most powerful ever fired on a manned space ship. It had been ignited four times earlier on the Apollo 7 mission, with a maximum

Gladys Drifts Away From Tampa Area

Danger Really Due To High Water Not Winds, Report Says

MIAMI, Fla. (AP) — Hurricane Gladys drifted north in the Gulf of Mexico today just out of wind reach from the populous Tampa Bay area but armed with a deceptive punch.

"The danger really is due to high water and not to winds," said Dr. Robert Simpson, director of the National Hurricane Center in Miami.

Simpson said he feared shoreline cities would drop their guard because of weak winds and then be caught unprepared for tides five feet above normal when Gladys makes landfall.

Forecaster Ray Kraft said Gladys could turn northeast and hit land near Cedar Key in the Big Bend area of the Gulf Coast.

But the storm was barely moving. Forward speed was clocked at 5 miles per hour with

Gladys Drifts Away From Tampa Area

Danger Really Due To High Water Not Winds, Report Says

MIAMI, Fla. (AP) — Hurricane Gladys drifted north in the Gulf of Mexico today just out of wind reach from the populous Tampa Bay area but armed with a deceptive punch.

"The danger really is due to high water and not to winds," said Dr. Robert Simpson, director of the National Hurricane Center in Miami.

Simpson said he feared shoreline cities would drop their guard because of weak winds and then be caught unprepared for tides five feet above normal when Gladys makes landfall.

Forecaster Ray Kraft said Gladys could turn northeast and hit land near Cedar Key in the Big Bend area of the Gulf Coast.

But the storm was barely moving. Forward speed was clocked at 5 miles per hour with

Bombing

(Continued from Page 1)

Donghwa reported that the Seoul government had informed Washington that assurance from Hanoi of reciprocal military restraint must precede any total halt in the bombing, and the allies fighting in Vietnam should agree unanimously on any change in war policies.

It is argued here that the North Vietnamese already have de-escalated the conflict over the last several weeks. A number of Communist military units are reported to have been withdrawn from South Vietnam, either back into North Vietnam or into neighboring Laos and Cambodia. The level of fighting has declined. These actions have been taken on communist initiative.

What Johnson wants now are practical assurances the Communists will not step up the war again if the bombing is halted. In the American view, this approach seems to get around the issue of reciprocity as raised by the Hanoi leadership.

There were some dissenters, however.

Angelo Suran, 15, of Portland, said girls would be too much of a diversion. "If we had any projects to do, we'd never finish them with girls around."

Don James of Wichita Falls, Tex., a former Explorer who's now a scoutmaster, said, "People here think scouting should be an outdoor program, strictly."

Asked whether he would have liked girls in his Explorer troop, James, said, "No. I wouldn't have touched a girl with a 10-foot pole when I was 14."

Girls would have to be members of qualified girls organizations to join Explorer troops, a Boy Scout spokesman said, and will, initially, be admitted only to "special interest" posts, oriented toward vocations and hobbies. About one-third of the 22,000 Explorer posts in the country are "special interest" posts.

bare hurricane-force winds of 75 m.p.h. The storm center moved just one-tenth of a degree—well under 10 miles—between the 6 a.m. and 9 a.m. sightings today.

Winds in the area of Tampa and St. Petersburg were mild with top gusts clocked at about 17-25 m.p.h.

Simpson said this was because the winds at that point were far from the center and in the northeast quadrant. The winds came from the southeast and wore themselves out overland, Simpson said.

"We do not consider the hazard of the wind will be a major one," Simpson said. "That's the blessing enjoyed by the people on the West Coast.

"We are concerned, however, that people who are not experiencing any damaging winds now may become complacent and think this storm has no punch. This storm does have a punch and it lies mainly in the potential for rapid rise of tides," Simpson said.

The Weather Bureau had forecast earlier that Gladys would turn toward the cities of the Tampa Bay area where more than one million people live.

Judge Jails Two Drivers

Two drivers cited on three charges each were jailed Thursday by County Judge Barry Dickson at East Palestine. Seven other motorists were penalized.

Gary L. Mumpire, 19, of S. Main St., Ext., Columbiana, was cited for reckless operation, lack of a valid drivers license and operating a car with improper tail lights.

He was fined $50 and costs for reckless operation.

Judge Dickson sentenced him to three days in jail for driving without a valid license, and suspended a $50 fine and costs for reckless operation, a $500 fine for lack of a license and a $25 fine and costs for the tail light violation.

Tom Drennen, 58, of New Waterford RD 1 was jailed for three days and directed to pay costs on three charges of driving without a valid license. Fines of $25 each were suspended.

Others fined yesterday were James D. Roe of Echo Dell Trailer Court, $5 and costs for driving with one headlight; Flossie M. Full of East Liverpool, $15 and costs for driving left of center; Lois Mae Burris of East Liverpool RD 1, $15 and costs for speeding.

Ralph Cehrs of Lisbon RD 4, $25 and costs for failure to yield the right of way; Bruce Bott of East Palestine RD 1, $40 and costs for speeding; and Richard Keatking of Columbiana RD, $10 and costs for an insecure load.

Robert Curtis of Campground Rd., Wellsville, forfeited a $30 bond on a charge of failure to yield the right of way.

chincloss and her husband; two of President Kennedy's sisters—Mrs. Stephen Smith and Mrs. Peter Lawford; Mrs. Lawford's daughter; a Secret Service agent, and two maids.

A spokesman for the airline said the plane's 90 passengers were put on a plane that left three hours later.

Onassis' sister, Mrs. D. Dagonfalidou, told newsmen in Athens the wedding would take place on Scorpios, the shipping magnate's private island in the Ionian Sea next week. Onassis bought the small isle six years ago and has kept it ultraprivate.

Because the wedding will be in Greece, Greek law requires a Greek Orthodox ceremony. It seemed most unlikely that there would be a companion ceremony in Mrs. Kennedy's Roman Catholic faith because Onassis is divorced and the church prohibits such a marriage unless it finds his first union invalid.

Onassis is a member of the national church of Greece, which approved his divorce by ecclesiastical decree in 1961 and thus made his remarriage in the church possible.

A theologian at the Vatican expressed the opinion that Mrs. Kennedy's marriage to Onassis would not be valid in the eyes of her church and that the marriage would automatically excommunicate her. However, application could be made to the church's marriage courts to declare Onassis' first marriage invalid, as the Vatican Rota did for Mrs. Kennedy's sister, Princess Lee Radziwill.

burn of 15 seconds. Thus, the amount of energy produced was a record.

The 66-second firing today burned two tons of fuel, reducing the weight of the spaceship from about 29,000 to 25,000 pounds.

The burst of energy from the 2,500-pound thrust engine temporarily added 1,120 miles an hour to the speed of the vehicle. Had the astronauts fired only their east-west line of flight, they would have shot several thousand miles into space.

To prevent this, Schirra pointed the craft directly south and fired the engine out-of-plane—at right angles to the normal flight path. A great amount of energy is required to shift from one plane to another in space, so the resulting change in orbital path was minimal.

The high point of the orbital path was raised from 174 to about 277 miles. The low point of 103 miles was raised less than a mile.

Voting

(Continued from Page 1)

cluding his date of birth, the length of his residence in Ohio and his legal address, including the city, village or township.

He returns the ballots in a sealed "identification envelope" on which he attests to his qualifications. The sealed ballots are delivered by the board to the proper precinct, along with election supplies, and they're dropped into the ballot box on election day.

Although all other voters in East Liverpool must be registered, state law says a member of the armed forces voting an absentee ballot need not be enrolled. The rule applies whether the serviceman is in the U. S. or overseas, but he must be registered if he appears at his home precinct to vote in person.

—:—

THE REGISTRATION rule does not apply to persons whose legal residence is outside East Liverpool. Registration is not required for any voter outside the city limits.

A near relative of a serviceman may go to the board's office in person to obtain a ballot application, or the form may be requested by mail. Once the application is filed, the ballots are on their way. They travel both ways by free air mail. However, only the ballots of service personnel go free. The election board must pay the usual postage on any others, such as those going to civilians residing temporarily outside the U. S.

The spouses of service personnel also may obtain ballots under the "soldier voting" law if they are absent from Ohio for the purpose of being with their husband or wife.

The "soldier voting" law allows easier deadlines in obtaining ballots and returning them to the Election Board. The applications may be filed earlier than under the law applying to civilians and they may be returned to the board later and still be counted at the polls.

Frequently, a soldier's application gives his correct, but obscure, home address — something such as "Leetonia RD 2." The board's staff goes to great lengths to determine where the soldier actually resides because it has a bearing on what ballots he will receive.

The ballots for the presidential and Ohio races may be issued without difficulty, but sometimes it's quite a trick to learn in which school district the soldier voter resides. There's space on the application form to list the city, village or township — but not the school district.

—:—

THE BOARD frequently makes telephone calls into the area where the soldier makes his home to pinpoint his residence so that the proper ballots can be issued. If he has voted previously, the place of his residence can be determined, but it means a long search through old records.

Many servicemen make application for ballots on forms provided by the armed forces. These applications also are honored.

Servicemen were permitted to apply for ballots for the 1968 general election as early as last Jan. 1. The ballots normally would have been ready for issuance in early September, but they were delayed several weeks because of the court fight instigated by George C. Wallace, ex-Alabama governor, seeking to compel Ohio election authorities to list his name on the ballot for president. He won a conditional victory several weeks ago and issuance of the ballots began.

Wallace won his court action earlier this week. The U. S. Supreme Court said his name must be printed on the ballots.

An application for ballots for a soldier may be made by a spouse, mother, father, father-in-law, mother-in-law, grandfather, grandmother, brother, sister, half-brother, half-sister, son daughter, adopting parent, adopted child, step-parent, step-child, uncle, aunt, nephew or niece.

The applications may be filed as late as noon on Saturday, Nov. 2. Ballots must be returned to the Election Board by noon on election dav. But the board cautioned that applications should be made as quickly as possible, particularly for ballots destined for overseas.

3 Men Arrested By T-Agents In Moonshine Raid

CLEVLAND, Ohio (AP)— A Treasury Department agent say the big still raided Thursday night in rural Strongsville was the most elaborate moonshine operation ever raided in Greater Cleveland.

The federal agents, police and Medina County sheriff's deputies raided the still in a house just south of the Cuyahoga-Medina county line.

Three men were arrested.

Agents said the 100-gallon still was set up in the basement and produced grain liquor made of wheat, rye and corn. They declined to comment on the quality but said the moonshine had sold for up to $12 a gallon.

Strongsville Police Capt. Edward Szoke said the house had been staked out for several weeks.

Arrested were Robert W. Slansky Sr., 51, owner of the house on Boston Road, and his son, Robert Jr., 29, and a friend, Earl Frazier, 55, of Cleveland.

The lull in ground fighting continued. In its morning communique the U.S. Command again said there was no contact with the enemy Thursday.

A spokesman for the airline said the plane's 90 passengers were put on a plane that left three hours later.

Onassis' sister, Mrs. D. Dagonfalidou, told newsmen in Athens the wedding would take place on Scorpios, the shipping magnate's private island in the Ionian Sea next week. Onassis bought the small isle six years ago and has kept it ultraprivate.

Because the wedding will be in Greece, Greek law requires a Greek Orthodox ceremony. It seemed most unlikely that there would be a companion ceremony in Mrs. Kennedy's Roman Catholic faith because Onassis is divorced and the church prohibits such a marriage unless it finds his first union invalid.

Onassis is a member of the national church of Greece, which approved his divorce by ecclesiastical decree in 1961 and thus made his remarriage in the church possible.

A theologian at the Vatican expressed the opinion that Mrs. Kennedy's marriage to Onassis would not be valid in the eyes of her church and that the marriage would automatically excommunicate her. However, application could be made to the church's marriage courts to declare Onassis' first marriage invalid, as the Vatican Rota did for Mrs. Kennedy's sister, Princess Lee Radziwill.

Voting

cluding his date of birth, the length of his residence in Ohio and his legal address, including the city, village or township.

He returns the ballots in a sealed "identification envelope" on which he attests to his qualifications. The sealed ballots are delivered by the board to the proper precinct, along with election supplies, and they're dropped into the ballot box on election day.

Although all other voters in East Liverpool must be registered, state law says a member of the armed forces voting an absentee ballot need not be enrolled. The rule applies whether the serviceman is in the U. S. or overseas, but he must be registered if he appears at his home precinct to vote in person.

—:—

THE REGISTRATION rule does not apply to persons whose legal residence is outside East Liverpool. Registration is not required for any voter outside the city limits.

A near relative of a serviceman may go to the board's office in person to obtain a ballot application, or the form may be requested by mail. Once the application is filed, the ballots are on their way. They travel both ways by free air mail. However, only the ballots of service personnel go free. The election board must pay the usual postage on any others, such as those going to civilians residing temporarily outside the U. S.

The spouses of service personnel also may obtain ballots under the "soldier voting" law if they are absent from Ohio for the purpose of being with their husband or wife.

The "soldier voting" law allows easier deadlines in obtaining ballots and returning them to the Election Board. The applications may be filed earlier than under the law applying to civilians and they may be returned to the board later and still be counted at the polls.

Frequently, a soldier's application gives his correct, but obscure, home address — something such as "Leetonia RD 2." The board's staff goes to great lengths to determine where the soldier actually resides because it has a bearing on what ballots he will receive.

The ballots for the presidential and Ohio races may be issued without difficulty, but sometimes it's quite a trick to learn in which school district the soldier voter resides. There's space on the application form to list the city, village or township — but not the school district.

—:—

THE BOARD frequently makes telephone calls into the area where the soldier makes his home to pinpoint his residence so that the proper ballots can be issued. If he has voted previously, the place of his residence can be determined, but it means a long search through old records.

Many servicemen make application for ballots on forms provided by the armed forces. These applications also are honored.

Servicemen were permitted to apply for ballots for the 1968 general election as early as last Jan. 1. The ballots normally would have been ready for issuance in early September, but they were delayed several weeks because of the court fight instigated by George C. Wallace, ex-Alabama governor, seeking to compel Ohio election authorities to list his name on the ballot for president. He won a conditional victory several weeks ago and issuance of the ballots began.

Wallace won his court action earlier this week. The U. S. Supreme Court said his name must be printed on the ballots.

An application for ballots for a soldier may be made by a spouse, mother, father, father-in-law, mother-in-law, grandfather, grandmother, brother, sister, half-brother, half-sister, son daughter, adopting parent, adopted child, step-parent, step-child, uncle, aunt, nephew or niece.

The applications may be filed as late as noon on Saturday, Nov. 2. Ballots must be returned to the Election Board by noon on election day. But the board cautioned that applications should be made as quickly as possible, particularly for ballots destined for overseas.

3 Men Arrested By T-Agents In Moonshine Raid

CLEVLAND, Ohio (AP)— A Treasury Department agent say the big still raided Thursday night in rural Strongsville was the most elaborate moonshine operation ever raided in Greater Cleveland.

The federal agents, police and Medina County sheriff's deputies raided the still in a house just south of the Cuyahoga-Medina county line.

Three men were arrested.

Agents said the 100-gallon still was set up in the basement and produced grain liquor made of wheat, rye and corn. They declined to comment on the quality but said the moonshine had sold for up to $12 a gallon.

Strongsville Police Capt. Edward Szoke said the house had been staked out for several weeks.

Arrested were Robert W. Slansky Sr., 51, owner of the house on Boston Road, and his son, Robert Jr., 29, and a friend, Earl Frazier, 55, of Cleveland.

Agony Of Financial Ailments

The plight of the Perry School System in Painesville is an example of the ultimate agony of districts afflicted with financial ailments.

Schools have closed because of a lack of operating funds. After meeting the payroll Tuesday, the board of education's general fund dipped to $6,000.

Operating levies failed in May and September. Another is on the November ballot.

The 1,800 students affected by the shutdown may get back to school the middle of November when the district receives $32,000 in state funds and $31,000 in tax money.

School officials are not optimistic about passage of the 10-mill levy Nov. 5. Perry Supt. Richard L. Jones expects to lose half his teaching staff if the levy fails.

Already in the hole $40,000 from last year's operation, the school board faces an additional debt of $65,000 for this school year if the levy is defeated.

It is the same old story. Voters are not opposed to schools, they are protesting against taxes when they defeat school levies.

Whatever the motivation, the result is the same: Lack of oerating funds hurts a system and its students.

In some cases, schools are not forced to close but cut back specific programs. When that happens some students are being shortchanged in the education mart just as surely as if the front door to the school building was locked.

When schools close down, as in Painesville, students miss valuable classroom time. Some will make up part of the lost ground when schools reopen, others won't.

The effect of losing able teachers and administrators will last longer. They will be difficult to replace.

Dissatisfaction over the tax structure governing school operations is widespread. If voters want reform, there are ways to go about getting it other than shutting down school systems.

Drugs And Their Danger

Two Cleveland area psychiatrists have called for a wider use of education in spreading the word about the danger of drugs.

The psychiatrists told their colleagues attending a two-day meeting in Columbus on "Youth and Drugs — Use and Abuse," that education isn't the only answer to countering the drug problem but it "is an important one."

It was suggested that classes on drugs and their dangers be started at all levels of learning, including elementary school.

As we see it, effective classroom sessions could be held on marijuana and LSD, the prime sources of experimentation for young people, if some false ideas and half-truths are disposed of, facts exposed and questions answered directly.

More laboratory results are needed to give strength to programs aimed at helping young people — and their parents — understand drugs and the effects of their use.

It is known that LSD works on the central nervous system to produce its "mind-expanding" effect and can damage the brain. The danger is obvious.

But in the case of marijuana, which is not pharmacologically a narcotic but is legally treated as one and which is not addictive in the sense that alcohol and the opiate drugs are, dangers are not so clearly defined.

Its potential as a stepping stone to addiction is an oft-repeated criticism of marijuana as well as the fact that while nonaddictive, it can produce the same effects as stronger hallucinogens.

Citing increasing juvenile use of drugs, the California attorney general last year advocated the inclusion of drug education in high school health courses.

A straightforward presentation of drug facts in health courses in schools throughout the nation would not eliminate the problem, but would be a big assist in bridging the present gap of misunderstanding that separates young people from the truth about drugs.

Human Frailties

The practice of flogging sometimes earns considerable thought from people who encounter a particularly disappointing example of cruelty and stupidity combined.

For example, a woman walking with her husband along St. Clair Ave. in the Maplewood area last week was struck by an empty soft drink can hurled from a passing car to the accompaniment of a raucus shout.

This incident, and others of its type, stir searching comments on the nature of the late 20th Century human behavior. But the frailties of homo sapiens have existed since man arrived on this planet; the difference in the 1960's is that he is now on wheels and cloaked by speed in near anonymity. But the old punishments, despite the sociologists and psychologists, seem at times to be especially appropo.

The Chromosome Defense

Just recently the revelation of the extra male chromosome, the XYY combination, burst upon the genetic world.

Already the discovery's impact is being felt in the sociological world.

Recent studies in the United States and Great Britain have shown the chromosome abnormalities of this nature are much more prevalent in men convicted of violent crimes than in the general population.

IN THE WAKE of these scientific disclosures, new debate developed as to whether some criminals are born instead of made and, if so, whether they are morally and legally accountable for their criminal acts.

It was a foregone conclusion that these arguments would be raised in trials of accused criminals. The world waited to see whether or not courts of law would be influenced by this new medical factor in the commission of crime.

Already the results of trials are on record in which the extra chromosome condition was used as a plea for acquittal.

In a precedent-setting verdict, an accused murderer in Australia who was born with such a chromosome imbalance was acquitted.

But in France this week, despite evidence presented by genetecists, doctors and psychiatrists, a nine-man jury refused to free a self-confessed murderer on the ground that he had inherited a chromosome inbalance. He was sentenced to seven years in prison.

Both cases undoubtedly will be cited in the appeal case of Richard F. Speck who murdered eight Chicago nurses. Doctors have detected a chromosome imbalance in Speck.

IF COURTS IN AMERICA follow the French, no difficulty should arise. Standard disposition of the cases should be the rule. But if they follow the precedent-setting decision of the Australians, the ramifications are considerable.

Some way must then be found to protect society from those afflicted with the double Y chromosome and, at the same time, they must be provided for in an atmosphere which is not punitive in nature.

It is a serious problem which various elements of our society must address themselves to without delay.

Letter From Max

By Martin Miller

The world is full of surprises.

While a lot of female spokesmen (spokeswomen) are accusing men of relegating women to second-class citizenship, along comes Mrs. Marg G. Boebling, chairman of the board of the Trenton (N.J.) Trust Co., who says, "Women have a negative attitude of doing business with other women, especially at the decision-making level. Women are prejudiced against women being given officer positions."

Take heart men! You are not to blame for everything.

But you girls ought to get together. You'll never get any place with disunity. Present a united front.

Disclosure that universities and corporations are renting space in abandoned mines as safe storage places for their records makes one think that there may have been something to that old farmers' joke about selling post holes.

Now that Sen. Muskie as the Democratic vice presidential candidate has made such a good impression on a lot of people around the country, it is easier to understand how he won elections in the formerly rockribbed Republican state of Maine.

With all the contradictory predictions about whether computers would help or hurt employment it is interesting to note an IBM executive's explanation that computers will provide a lot of new jobs as soon as people can be trained to operate them.

When courses were offered to teachers in 25 cities to acquaint them with computers more than 1,000 volunteered for the courses. This should help step up the program to provide programmers for computers.

Before you have students you have to have teachers.

A computer is like a piano. You have to hit the right key at the right time. But you aren't necessarily good at both.

Everyone has a panacea for the ills besetting our cities, nation and world today. Some years ago Thoreau ventured the opinion that for the thousands of people who attacked the branches of evil only one attacked its roots.

Once again we hear the various press media being blamed for many of our woes, even as in the day of George Washington and the many days since then.

George Wallace was kidding the reporters traveling with him and said, "You boys better start writing some good things about me, I look like I'm going to make it.

"It's like when Napoleon escaped from Elba. The first headlines said, 'The beast has escaped, he's in Granada.' But by the time he got to Paris the headlines were, 'Our great emperor has returned.' "

Let's see now. Who was Napoleon? He was the guy who retreated from Moscow and was beaten by Wellington, wasn't he?

Any candidate who expects the press to toady to him once he is elected couldn't be more mistaken. Consider any elected official — starting with Washington and coming down to Hoover, Roosevelt, Truman, Eisenhower and Johnson in our own day.

Many people may not know that the modern Ku Klux Klan which was founded on Stone Mountain in Georgia in 1915 not only is anti-Negro but also anti-Catholic and anti-Semitic. It is presumed to be almost extinct nowadays. We hope.

Militants Want Gravy Now

WASHINGTON — A powerful black thrust is ramrodding American labor's "establishment."

Wherever there ae heavy concentrations of black workers, there are Black Caucuses—demanding a piece of the action; charging exclusion from leadership; denouncing national officials (be they Walter Reuther or George Meany); provoking swift wildcat strikes; threatening city-wide and even national one-day stoppages of an entire industry; clamoring at government doors, and even launching what militant Negro leaders say will be a national black labor federation, reaching from New York City's schoolteachers to San Francisco's docks.

Victor Riesel

Caught in the crunch are the big corporate employers, the public and labor's national leadership. For the militants, caucuses and committees are toughest where large companies have acted "affirmatively," hiring thousands of black workers.

No one knows just where it began. Such black labor leaders as A. Philip Randolph, his colleague Bayard Rustin, who runs his institute, Joe Overton, leader of the Negro American Labor Committee, and sophisticated AFL-CIO "black specialists" know not of the movement's origins. They see it explode erratically like giant runaway fireworks—and then weave together in one spectacular display.

Certainly it now is a dual labor movement—a labor network inside labor itself.

IN DETROIT RECENTLY, I talked with some of the black members of the National Ad Hoc Committee of Concerned Negro UAW Members.

In a moment, it will be obvious that the code word is "Concerned."

Auto city militants, led by the big Ford River Rouge Local 600 vice president, Bob Battle, confronted Walter Reuther on Sept. 18.

They sure socked it to him. They said there were only 75 blacks of a national field staff of over 900 organizers. They complained that he had only seven Negroes out of 100 in decision-making or vital Solidarity House headquarters staff jobs.

They protested the inconsistencies between "Reuther's rhetoric" and his failure to give the blacks as much of the action as they get now from industry. He promised action when they repeatedly pointed out that some 40,000 UAW members are blacks.

Over in Pittsburgh, United Steelworkers leaders are having black trouble as well. Their civil rights department is being bypassed by still another National Ad Hoc Committee, which wants some Negro on the sprawling union's national board. There is no black among the council's 24 regional directors and three national officials.

THERE'S HOT PRESSURE, especially from something called CORE's Steel and Shipyard Workers Committee up in Baltimore. There (at Sparrows' Point) Bethlehem Steel employes from 8,000 Negroes out of 22,000 hourly rated blue-collar workers (the white-collar hiring rate is 50 per cent black). The "steel and ship" committee is tough and wants more and more, and "the hell" with the union.

There are powerful black caucuses in New York's embattled United Federation of Teachers, and at the 2,000-member work force at McDonnell Douglas phantom jet plant in St. Louis. There the Machinists union reports some 3,600 Negro workers.

Wherever you jet, there's a caucus—including the bloc in the tightly led West Coast International Longshoremen's and Warehousemen's Union, headed by Harry Bridges.

For months now, there's been an effort to merge these factions, or at least link them into a national challenge to the established labor movement. There's a start—just a beginning let it be noted—in Chicago.

On Monday, Oct. 7, some Negroes there launched the Black Labor Federation. Most active in it is Willie Plunkett, a five-year man at GE's Hotpint operation. He ran for president of the sheet metal workers there and was beaten last June.

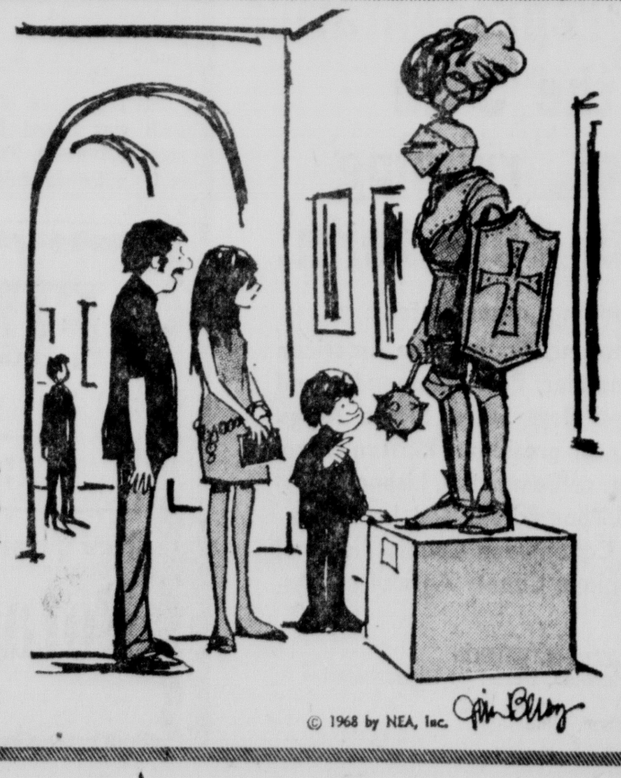
SO HE STARTED an Afro-American Employes committee. Now it has some 100 followers, out of the 1,200 blacks—33 per cent of the 3,600 blue-collar workers.

Now, up crops the word "concerned," first used in Detroit last month. The Black Labor Federation, for the moment, is made up of Concerned Transit Workers (who revolted twice last summer at convention time), the Concerned Construction Workers, and the National Ad Hoc (steel) Committee, as well as Plunkett's band.

This federation may be abortive. It may catch fire. There are, after all, though rarely reported, more than two million black members in the AFL-CIO.

It may well be they want to move in on the white leadership. The militants want it now. They don't want to be told there are electoral processes. They want it or they threaten to strike.

From now on, its gung ho, all the way.



DAVID LAWRENCE

Labor Vote

Union labor has lined up largely behind the Democratic nominees in all presidential campaigns since 1932. So when a public-opinion poll shows 57 per cent of the labor vote against Humphrey, it is an almost unprecedented piece of news.

A poll just conducted for the New York Times by Public Opinion Surveys, Inc., of Princeton, N.J., reports 34 per cent of union labor is for Humphrey, 32 per cent for Nixon, 25 per cent for Wallace and 9 per cent undecided.

The survey was made several days after the AFL-CIO had formally endorsed Humphrey. While such a pronouncement doesn't mean that every union member accepts it, usually only a minority votes against those candidates — generaly Democrats — endorsed by the labor leaders.

WHAT IS THE REASON for the surprising change this campaign year? The answer emerged when the pollsters asked the union members the following question:

"Do you think integration of the white and colored races is being pushed too fast or not fast enough?"

Sixty-five per cent said it is going "too fast," 14 per cent said "about right," 12 per cent said "not fast enough" and 9 per cent didn't know.

When asked about their reaction to the statement, "The police cannot do an effective job because their hands are tied by the politicians and the courts," 80 per cent agreed that this is the trouble.

On a question in the poll as to whether "racial attitudes of white people" are to blame for bringing about the Negro unrest and rioting in the big cities, 63 per cent disagreed.

When interviewed, however, as to whether labor unions should "be required to take more Negroes as members," 58 per cent—including a majority of the Wallace supporters — answered in the affirmative.

Certainly as Negroes are given employment, the union members want them to be subject to the same rules and supervised by the same union apparatus which handles the problem if charges are made that promotions have been improperly given.

The conclusion can be drawn, therefore, that labor-union members are sensitive to the possible effects on their own employment which might ensue from a faulty handling of newly hired employes or of layoffs.

MANY OF the workers fear that Negroes will be given jobs and promotions which they do not deserve and that employers will be trying to curry favor on the Negro side at the expense of the white workers.

Whether or not this has become a general employment practice, undoubtedly there is apprehension which may be reflected by a substantial vote given to Wallace and Nixon against the Democratic nominee Nov. 5.

So it appears that, while the racial problem and the rioting and civil disorders have brought an uneasiness, workers also are concerned about the loss of jobs to Negroes and the possibility of discrimination against whites.

Many companies have in recent months been importuned to hire more and more Negroes, and the influx has been evident to the white employes. Where it has been a gradual flow, probably not so much anxiety has been created.

But the suddenness of the drive in some cities for the increased employment of Negroes — instead of what has been called "gradualism" — has produced a reaction which apparently will be manifest when the ballots are counted on election day.

MEANWHILE, LABOR-UNION leaders are already spending considerable sums of money on a large amount of campaign literature in behalf of Humphrey. But most of the work will be personal canvassing done at the precinct level, where labor-union representatives will be concentrating their efforts.

The federal Corrupt Practices Act, of course, forbids unions as well as corporations from making campaign contributions. The labor unions, however, form separate organizations to handle the money, while some of the union officers and special committees are loaned to the political groups for the campaign.

The practice of flogging sometimes earns considerable thought from people who encounter a particularly disappointing example of cruelty and stupidity combined.

For example, a woman walking with her husband along St. Clair Ave. in the Maplewood area last week was struck by an empty soft drink can hurled from a passing car to the accompaniment of a raucus shout.

This incident, and others of its type, stir searching comments on the nature of the late 20th Century human behavior. But the frailties of homo sapiens have existed since man arrived on this planet; the difference in the 1960's is that he is now on wheels and cloaked by speed in near anonymity. But the old punishments, despite the sociologists and psychologists, seem at times to be especially appropo.

The Chromosome Defense

Just recently the revelation of the extra male chromosome, the XYY combination, burst upon the genetic world.

Already the discovery's impact is being felt in the sociological world.

Recent studies in the United States and Great Britain have shown the chromosome abnormalities of this nature are much more prevalent in men convicted of violent crimes than in the general population.

IN THE WAKE of these scientific disclosures, new debate developed as to whether some criminals are born instead of made and, if so, whether they are morally and legally accountable for their criminal acts.

It was a foregone conclusion that these arguments would be raised in trials of accused criminals. The world waited to see whether or not courts of law would be influenced by this new medical factor in the commission of crime.

Already the results of trials are on record in which the extra chromosome condition was used as a plea for acquittal.

In a precedent-setting verdict, an accused murderer in Australia who was born with such a chromosome imbalance was acquitted.

But in France this week, despite evidence presented by genetecists, doctors and psychiatrists, a nine-man jury refused to free a self-confessed murderer on the ground that he had inherited a chromosome inbalance. He was sentenced to seven years in prison.

Both cases undoubtedly will be cited in the appeal case of Richard F. Speck who murdered eight Chicago nurses. Doctors have detected a chromosome imbalance in Speck.

IF COURTS IN AMERICA follow the French, no difficulty should arise. Standard disposition of the cases should be the rule. But if they follow the precedent-setting decision of the Australians, the ramifications are considerable.

Some way must then be found to protect society from those afflicted with the double Y chromosome and, at the same time, they must be provided for in an atmosphere which is not punitive in nature.

It is a serious problem which various elements of our society must address themselves to without delay.

Letter From Max

By Martin Miller

The world is full of surprises.

While a lot of female spokesmen (spokeswomen) are accusing men of relegating women to second-class citizenship, along comes Mrs. Marg G. Boebling, chairman of the board of the Trenton (N.J.) Trust Co., who savs, "Women have a negative attitude of doing business with other women, especially at the decision-making level. Women are prejudiced against women being given officer positions."

Take heart men! You are not to blame for everything.

But you girls ought to get together. You'll never get any place with disunity. Present a united front.

Disclosure that universities and corporations are renting space in abandoned mines as safe storage places for their records makes one think that there may have been something to that old farmers' joke about selling post holes.

Now that Sen. Muskie as the Democratic vice presidential candidate has made such a good impression on a lot of people around the country, it is easier to understand how he won elections in the formerly rockribbed Republican state of Maine.

With all the contradictory predictions about whether computers would help or hurt employment it is interesting to note an IBM executive's explanation that computers will provide a lot of new jobs as soon as people can be trained to operate them.

When courses were offered to teachers in 25 cities to acquaint them with computers more than 1,000 volunteered for the courses. This should help step up the program to provide programmers for computers.

Before you have students you have to have teachers.

A computer is like a piano. You have to hit the right key at the right time. But you aren't necessarily good at both.

Everyone has a panacea for the ills besetting our cities, nation and world today. Some years ago Thoreau ventured the opinion that for the thousands of people who attacked the branches of evil only one attacked its roots.

Once again we hear the various press media being blamed for many of our woes, even as in the day of George Washington and the many days since then.

George Wallace was kidding the reporters traveling with him and said, "You boys better start writing some good things about me, I look like I'm going to make it.

"It's like when Napoleon escaped from Elba. The first headlines said, 'The beast has escaped. he's in Granada.' But by the time he got to Paris the headlines were, 'Our great emperor has returned.'"

Let's see now. Who was Napoleon? He was the guy who retreated from Moscow and was beaten by Wellington, wasn't he?

Any candidate who expects the press to toady to him once he is elected couldn't be more mistaken. Consider any elected official — starting with Washington and coming down to Hoover, Roosevelt, Truman, Eisenhower and Johnson in our own day.

Many people may not know that the modern Ku Klux Klan which was founded on Stone Mountain in Georgia in 1915 not only is anti-Negro but also anti-Catholic and anti-Semitic. It is presumed to be almost extinct nowadays. We hope.

VICTOR RIESEL

Militants Want Gravy Now

WASHINGTON — A powerful black thrust is ramrodding American labor's "establishment."

Wherever there ae heavy concentrations of black workers, there are Black Caucuses—demanding a piece of the action; charging exclusion from leadership; denouncing national officials (be they Walter Reuther or George Meany); provoking swift wildcat strikes; threatening citywide and even national one-day stoppages of an entire industry; clamoring at government doors, and even launching what militant Negro leaders say will be a national black labor federation, reaching from New York City's schoolteachers to San Francisco's docks.

Victor Riesel

Caught in the crunch are the big corporate employers, the public and labor's national leadership. For the militants, caucuses and committees are toughest where large companies have acted "affirmatively," hiring thousands of black workers.

No one knows just where it began. Such black labor leaders as A. Philip Randolph, his colleague Bayard Rustin, who runs his institute, Joe Overton, leader of the Negro American Labor Committee, and sophisticated AFL-CIO "black specialists" know not of the movement's origins. They see it explode erratically like giant runaway fireworks—and then weave together in one spectacular display.

Certainly it now is a dual labor movement—a labor network inside labor itself.

IN DETROIT RECENTLY, I talked with some of the black members of the National Ad Hoc Committee of Concerned Negro UAW Members.

In a moment, it will be obvious that the code word is "Concerned."

Auto city militants, led by the big Ford River Rouge Local 600 vice president, Bob Battle, confronted Walter Reuther on Sept. 18.

They sure socked it to him. They said there were only 75 blacks of a national field staff of over 900 organizers. They complained that he had only seven Negroes out of 100 in decision-making or vital Solidarity House headquarters staff jobs.

They protested the inconsistencies between "Reuther's rhetoric" and his failure to give the blacks as much of the action as they get now from industry. He promised action when they repeatedly pointed out that some 40,000 UAW members are blacks.

Over in Pittsburgh, United Steelworkers leaders are having black trouble as well. Their civil rights department is being bypassed by still another National Ad Hoc Committee, which wants some Negro on the sprawling union's national board. There is no black among the council's 24 regional directors and three national officials.

THERE'S HOT PRESSURE, especially from something called CORE's Steel and Shipyard Workers Committee up in Baltimore. There (at Sparrows' Point) Bethlehem Steel employes from 8,000 Negroes out of 22,000 hourly rated blue-collar workers (the white-collar hiring rate is 50 per cent black). The "steel and ship" committee is tough and wants more and more, and "the hell" with the union.

There are powerful black caucuses in New York's embattled United Federation of Teachers, and at the 2,000-member work force at McDonnell Douglas phantom jet plant in St. Louis. There the Machinists union reports some 3,600 Negro workers.

Wherever you jet, there's a caucus—including the bloc in the tightly led West Coast International Longshoremen's and Warehousemen's Union, headed by Harry Bridges.

For months now, there's been an effort to merge these factions, or at least link them into a national challenge to the established labor movement. There's a start—just a beginning let it be noted—in Chicago.

On Monday, Oct. 7, some Negroes there launched the Black Labor Federation. Most active in it is Willie Plunkett, a five-year man at GE's Hotpint operation. He ran for president of the sheet metal workers there and was beaten last June.

SO HE STARTED an Afro-American Employes committee. Now it has some 100 followers, out of the 1,200 blacks—33 per cent of the 3,600 blue-collar workers.

Now, up crops the word "concerned," first used in Detroit last month. The Black Labor Federation, for the moment, is made up of Concerned Transit Workers (who revolted twice last summer at convention time), the Concerned Construction Workers, and the National Ad Hoc (steel) Committee, as well as Plunkett's band.

This federation may be abortive. It may catch fire. There are, after all, though rarely reported, more than two million black members in the AFL-CIO.

It may well be they want to move in on the white leadership. The militants want it now. They don't want to be told there are electoral processes. They want it or they threaten to strike.

From now on, its gung ho, all the way.

Labor Vote

Union labor has lined up largely behind the Democratic nominees in all presidential campaigns since 1932. So when a public-opinion poll shows 57 per cent of the labor vote against Humphrey, it is an almost unprecedented piece of news.

A poll just conducted for the New York Times by Public Opinion Surveys, Inc., of Princeton, N.J., reports 34 per cent of union labor is for Humphrey, 32 per cent for Nixon, 25 per cent for Wallace and 9 per cent undecided.

The survey was made several days after the AFL-CIO had formally endorsed Humphrey. While such a pronouncement doesn't mean that every union member accepts it, usually only a minority votes against those candidates — generaly Democrats — endorsed by the labor leaders.

WHAT IS THE REASON for the surprising change this campaign year? The answer emerged when the pollsters asked the union members the following question:

"Do you think integration of the white and colored races is being pushed too fast or not fast enough?"

Sixty-five per cent said it is going "too fast," 14 per cent said "about right," 12 per cent said "not fast enough" and 9 per cent didn't know.

When asked about their reaction to the statement, "The police cannot do an effective job because their hands are tied by the politicians and the courts," 80 per cent agreed that this is the trouble.

On a question in the poll as to whether "racial attitudes of white people" are to blame for bringing about the Negro unrest and rioting in the big cities, 63 per cent disagreed.

When interviewed, however, as to whether labor unions should "be required to take more Negroes as members," 58 per cent—including a majority of the Wallace supporters — answered in the affirmative.

Certainly as Negroes are given employment, the union members want them to be subject to the same rules and supervised by the same union apparatus which handles the problem if charges are made that promotions have been improperly given.

The conclusion can be drawn, therefore, that labor-union members are sensitive to the possible effects on their own employment which might ensue from a faulty handling of newly hired employes or of layoffs.

MANY OF the workers fear that Negroes will be given jobs and promotions which they do not deserve and that employers will be trying to curry favor on the Negro side at the expense of the white workers.

Whether or not this has become a general employment practice, undoubtedly there is apprehension which may be reflected by a substantial vote given to Wallace and Nixon against the Democratic nominee Nov. 5.

So it appears that, while the racial problem and the rioting and civil disorders have brought an uneasiness, workers also are concerned about the loss of jobs to Negroes and the possibility of discrimination against whites.

Many companies have in recent months been importuned to hire more and more Negroes, and the influx has been evident to the white employes. Where it has been a gradual flow, probably not so much anxiety has been created.

But the suddenness of the drive in some cities for the increased employment of Negroes — instead of what has been called "gradualism" — has produced a reaction which apparently will be manifest when the ballots are counted on election day.

MEANWHILE, LABOR-UNION leaders are already spending considerable sums of money on a large amount of campaign literature in behalf of Humphrey. But most of the work will be personal canvassing done at the precinct level, where labor-union representatives will be concentrating their efforts.

The federal Corrupt Practices Act, of course, forbids unions as well as corporations from making campaign contributions. The labor unions, however, form separate organizations to handle the money, while some of the union officers and special committees are loaned to the political groups for the campaign.

Garvin Plans Appeal Move

LISBON — Glenn C. Garvin, 43, of Smiths Ferry RD 1, convicted May 17 of traffic manslaughter by a Common Pleas Court jury, will appeal to Seventh District Court of Appeals.

Judge Joel H. Sharp denied Garvin's motion for a new trial Thursday, and sentenced him to six months in the County Jail —with three months suspended on good behavior — fined him $500 and ordered him not to drive in Ohio for three years.

The April Grand Jury indicted Garvin in connection with the death of Lawrence (Tennessee) Mathes, 62, formerly of Dresden Ave., East Liverpool.

Mr. Mathes died Feb. 8 in East Liverpool City Hospital five days after being hit by a car on the Diamond.

The state contended Garvin was driving south on St. Clair Ave., failed to stop for the 6th St. traffic light and struck Mathes who was walking east to west in the north crosswalk on 6th. Garvin denied he ran through a red light and that his car hit Mathes.

Garvin, a bachelor farmer, posted a $1,000 bond to stay the sentence pending the Appellate Court decision.

Now I use a little turpentine on a cloth for all the bathroom accessories as well as the ceramic wall tile. Not only removes dirt, but the pine scent is a good room freshener.

Shift To Undecided Column Gives Humphrey W.Va. Lead

By The Associated Press

A large shift to the undecided column has given Vice President Hubert H. Humphrey a narrow lead in the presidential campaign in West Virginia, according to a poll taken in early October for the state Democratic party.

The poll, taken by Oliver Quayle and Co. of Bronxville, N.Y., shows more than twice as many voters undecided than a survey taken in mid-September.

At the same time, Humphrey is reported to have gained three percentage points from 33 to 36 per cent.

Republican candidate Richard M. Nixon has dropped from 42 per cent and 34 per cent, the survey reported, and third party candidate George C. Wallace has lost seven points to 10 per cent.

A top Democratic strategist predicted the larger undecided block would help Humphrey since West Virginia traditionally votes Democratic.

The Mountain State has voted Republican in a national election only once — in 1956 — since 1928, when it cast its seven electoral votes for President Herbert Hoover.

Meanwhile, on the gubernatorial side, James M. Sprouse reiterated Thursday that the "flower fund" was abolished when he was state Democratic chairman and that it would not be revived.

The statement was in answer to a charge by Republican Arch A. Moore Jr. that Sprouse used the fund to finance his campaign and that it still is being collected.

The flower fund has been a method of soliciting political contributions from state employes under the guise of buying flowers for an ill employe.

The candidate addressed the Charleston Lions Club, pointing to the problems of roads and schools.

He said new services could be financed with increased tax revenues from new jobs and new industries.

"I happen to think that when we get the road problem fixed, we're going to have a hard time keeping business out of West Virginia," Sprouse continued.

Dance Scheduled By Lincoln Area Recreation Unit

Plans for a neighborhood street dance were made during an organizational meeting of the Northside Community League, Inc., Wednesday in Lincoln School.

The dance is planned as a "kick-off" activity for neighborhood recreation in the school district. Definite plans for the dance will be announced, Tom Miller, acting president, said.

A campaign to collect recreation equipment, furniture and other items for use in the school - community center is planned. Donations may be made by notifying Miller of 3270 Harriet St.

Temporary officers include James Lawrence, vice president, and Mrs. Richard Manning, secretary - treasurer.

Terms of the building lease as set down by the city were read by Pat May. A discussion followed. The by-laws for the organization were also heard.

About 35 attended.

Any residents in the former McKinley - Taft- Lincoln school areas are invited to attend a meeting Wednesday at 7:30 p.m.

Jail Condition Hit Again In Health Board Meeting

Alleging that "no significant work has been done" since it condemned the condition of the city jail in mid-September, the Health Board Thursday night ordered a new round of letters sent to city and county officials urging "immediate" action on repairs.

Hinting it might be forced to order the jail closed as a last resort, the board requested Safety - Service Director Robert E. Vodrey "to take immediate steps to arrange for repair of toilet facilities, showers, windows and locks and a general cleaning of the cell area." Noting that Council must provide funds before any work can be done, the board urged the director to seek money from Council "immediately."

The board asked that "definite steps" be taken to correct the alleged defects by the time of its next meeting, Nov. 26. The board first condemned the condition of the jail at its Sept. 19 meeting.

Mayor George E. Willshaw asked Council Oct. 7 to provide funds for certain repairs and cleaning. Council inspected the jail as a part of an adjourned meeting last Saturday. Council will meet again Monday night.

In addition to the letter to the director, the Health Board voted last night to send letters on the jail's condition to Mayor Willshaw, Municipal Judge Samuel M. Chertoff, Sheriff Russell J. VanFossan and Dr. Merrill Singer, county health commissioner. The motion to send the letters was made by Dr. Herschel Rubin, seconded by Don Mackey.

Vodrey said last week he has obtained bids on some of the proposed work at the jail and was in the process of seeking more. The Health Board noted last night that the only work done in the jail since its last meeting consisted of pouring "a small concrete base for a commode installation."

Meanwhile, the board received a letter from the Ohio Health Department reporting that the city's food service and vending machine inspection program has been rated "above state average." The inspection of the local program was made Sept. 30 and Oct. 1-2, according to the letter from Fred Schultz of Cuyahoga Falls, district sanitarian.

Schultz said the food service sanitation rating was 87.2 against a state average of 86. The board was given a rating of 95 for administration of the program locally. Calling the local work "excellent," Schultz said the state average is 91.9.

Mrs. Luella Bevan, registrar of vital statistics, reported 95 births and 38 deaths on the period Sept. 19-Oct. 15. Sanitarian Ben Weber reported he made 100 inspections, including checks on 10 milk samples. Health Commissioner Jack Bonner reported 97 inspections. Miss Selma Ladzinske, public health nurse, reported 207 investigations.

The board approved payment of $2,247 in bills, including $2,144 for salaries. C. Frank Dales, vice chairman, presided.

FOR—MAL ATTIRE is sharp contrast for U.S. Open Golf champion Lee Trevino, who usually wears more casual clothes. Trevino was headed for a formal dinner in London.

Nixon's Pennsylvania campaign director, David O. Maxwell, said Thursday that Nixon is changing the area of his campaign "on the advice of Gov. Shafer and former Gov. William W. Scranton and because of the short length of time remaining before the Nov. 5 election."

About half of the mines in the district were said to have been shut down.

The strike by 145 Cresap workers was branded unauthorized by District President Thomas A. Williams, who toured the area Thursday asking the miners to return to work.

Tomorrow's big Mid-American Conference clash between Ohio U. and Miami at Athens will be offense vs. defense.

The unbeaten Bobcats are averaging 40 points a game, third best in the nation, are 12th in total offense and 12th in rushing offense. They are also 11th in rushing defense, but the Redskins, unbeaten in MAC play, have the defensive figures on their side. Miami is second only to surprising California in scoring defense, allowing only 5.6 points a game, and lead the nation in total defense, yielding only 167.6 yards a contest. Miami also is eighth in rushing defense and 11th in rushing offense.

Other team statistics show West Virginia and Cincinnati 2-4 in passing, Ohio State ninth in rushing offense, fourth in rushing defense and third in scoring defense, Penn State 11th in total defense, fifth in rushing defense and 10th in scoring defense, Bowling Green fifth in total defense, ninth in rushing defense and sixth in scoring defense and Kent State fifth in passing defense.

Individually, West Virginia's sophomore quarterback Mike Sherwood shines, ranking second in total offense and third in passing. Trailing Sherwood in total offense are Greg Cook of Cincinnati third, Dave Havern of Pitt seventh, Steve Jones of Toledo eighth, Jerry Buckmaster of Xavier 23rd and Cleve Bryant of Ohio U. 24th. In passing, Cook is fifth, Jones eighth, Havern 11th, Buckmaster 18th and Steve Trustdorf of Kent State 21st.

Toledo's Roland Moss is fourth in rushing, followed by Ron (Po) James of New Brighton and New Mexico State sixth, Charlie Pittman of Penn State ninth, Bobby Glover of Miami 10th, Cleve Dickerson of Miami 19th, Bernie Kress of Dayton 21st and Fred Mathews of Bowling Green 23rd.

BENNY RHOADS of Cincinnati has dropped to third in punting, while Martin Williams of Marshall is seventh and Al Ippolito of Xavier is 22nd.

Oscar Patrick of West Virginia is seventh in pass receiving, Tom Rossley of Cincinnati 10th and Dick Barnhorst of Xavier 15th. Bob Houmard of Ohio U. is tied for third in scoring, Moss is fifth, Jim O'Brien of Cincinnati sixth, Kress 10th, Kent Thompson of Miami tied for 11th and Dickerson and James tied for 13th.

Ken Crots of Toledo has dropped to third in scoring by kicking, with Bill Pataki of Ohio U. tied for 13th and O'Brien tied for 19th. Dan Crockett of Toledo is fourth in kickoff returns.

In small-college statistics, John Carroll leads the country in total offense and rushing offense, and is third in total defense. Wittenberg is second in total offense and fifth in rushing offense, while Thiel is fourth in total offense.

Individually, Don Zwisler of Akron is sixth and Mike Healy of Ashland 12th in total offense and Chris Meyers of Kenyon fifth in pass receiving.

THERE WASN'T a 1-0 game every time you went to see a major league baseball game this year, it only seemed that way. But there were 82 such games, up from 59 in 1967. And the 1967 figure was the highest since there have been 20 teams. Shutouts took place in 21 per cent of big league games this season, up from 17 per cent in 1967 and 12 per cent in 1962. Only 1907 and 1908 saw more shutouts.

The overall batting average of the major league teams was a paltry .236, the worst in the history of the game. Only 6.84 runs a game were scored by both teams, a low exceeded only by a 6.77 mark in 1908. But home runs, though at the lowest level since 1946, surpassed all but two years prior to that. These figures, compiled by Leonard Koppett of the New York Times, would tend to indicate that trying for homers may be the reason for poor batting averages. For comparisons, the high for runs scored was 11.07 in 1930, the high for composite batting average was .295, in the same year, and the high for homers was 1.91 a game in 1961.

THE INCIDENCE of violence after football games seems to be on the increase, and in one case, drastic measures have been taken. William Penn High of York, Pa., has been placed on probation by the PIAA (equivalent to the OHSAA in Ohio) and home games in all sports have been banned until further notice. The ruling came after Cedar Cliff High claimed that its students and fans had been attacked in a parking lot following the game. One of York High's problems is that its football field is outside the city limits and not under the jurisdiction of city police. While the PIAA's penalty may seem severe, it may deter violence in other areas. Can you imagine your school having to play all its games away from home?

DARRYL HERRING of East Liverpool gained 77 yards in 15 carries, caught two passes and had a 44-yard punt return for Wittenberg Saturday as the Tigers were upset by Muskingum 13-7.

LOU JULIAN, outstanding linebacker for Steubenville Central last year, is playing freshman football at Pitt, and did not go to Ohio State as was reported earlier. Another former Crusader, guard Don Dempsey, is on the frosh team at Ohio U.

Beavers, Lisbon Meet Tomorrow

The Martins Ferry at East Liverpool game tonight is one of 12 games in the area over the weekend.

Oak Glen is idle this week, while Wellsville hosts Carrollton and Midland travels to Rochester tonight. Beaver Local is home to Lisbon tomorrow night.

Wellsville displayed some offensive prowess in the 28-26 loss to Southern Local, but will have to come up with a tight defense to stop the Warriors, 3-3. Carrollton has beaten Columbiana 36-20, Cadiz 62-6 and Claymont 32-6, while losing to Poland 32-6, Sandy Valley 18-7 and Minerva 18-6 last week. Wellsville is 1-5.

Midland and Rochester are both 4-2. The game will feature the two top scorers in Beaver County, Tim Patterson of the Rams and Howard Leak of the Leopards. Rochester, a Class A school, has beaten West Allegheny 25-14, Monaca 32-13, Freedom 21-13 and Center 32-0 with losses coming to North Braddock Scott 32-13 and New Brighton 21-7. All victims were Class B except Freedom. In games against common foes, Midland beat Monaca 34-14 and Center 33-0, so based on comparative scores, the game should be tight.

Defensive end Dan Prodonovich and tackle Ed Brozic may miss the game with leg injuries, but the Leopard backfield, which Rochester coach Jim Ebersberger calls the fastest he will face all year, is ready. Midland coach Ivan Dye notes that his running game is fine, but the passing could stand improvement. Dye points out that Rochester has a big defensive line.

In the battle for the Buckeye Border Conference lead, Southern Local hosts Jefferson Union. The Indians, 5-1 on the season, are hampered by injuries. Rich Rose, their do - everything back, has a shoulder injury and end Frank Francis, their best lineman, has a back injury.

JEFFERSON UNION, an AA school, is 4-2, with the losses coming to two unbeaten teams, 15-2 to Wintersville and 20-18 to Brilliant. The Yellowjackets have rolled over Mingo 30-0, Wellsville 18-0, Toronto 24-6 and Springfield 58-6. Southern whipped Springfield 68-8 but edged Wellsville only 28-26. Coach Ted Maley has 15 lettermen on his veteran team, led by the Pytash brothers, halfback Ron and guard Don.

Stanton, 3-2 after being idle last week, travels to Dillonvale, likewise 3-2. Dillonvale beat Mt. Pleasant 14-6, while the Red Raiders fell 22-8 to the Mounties. Not only are the records of the two teams identical, both coaches have the same last name—Woods. Ken of Staunton is a veteran mentor, while Regis of the Night Riders is in his first year as head man. Dillonvale has a 280-pound tackle, 6-8 Larry Snyder.

Tri - County League action finds Columbiana traveling to Sebring, East Palestine hosting Minerva and Leetonia at home to Poland. The latter two games find the four contenders knocking heads. Minerva is unbeaten in six games and is the only unbeaten team in league play. East Palestine is 5-1, suffering a 22-21 loss to Leetonia, a team Minerva handled 24-0. Joe Lewis, the Bulldogs' outstanding runner, was held down by Beaver Local last week. Quarterback Tim Blythe was hurt. Al Madison and Kim Elliott lead the Trojans.

Leetonia and Poland both have 5-1 overall marks and 2-1 records in league play. Poland was nipped by Sebring 19-18. Leetonia rides on the passing combination of Ed Casey and Tim Trombitas and the running of Ken DiCross.

Columbiana is 1-4, Sebring 4-2, both losses in league play, to East Palestine and Lisbon. The Clippers, led by Gary Gregg and Gary Schmidt, narrowly lost to Leetonia last week, 27-26.

SATURDAY NIGHT, Lisbon, fresh from a 28-16 upset of Sebring, invades Beaver Local, 3-3. The Blue Devils are 2-4, but have a possibility of fullback Bill Farmer back in action. The Beavers are hurting physically. Their two top runners, Jim Bowersock and Bruce Diddle, are doubtful starters, Bowersock with an ankle injury and Diddle with a shoulder injury. Tackle Tom Wolfe and end Gary Klembara are also doubtful, Wolfe suffered a concussion against East Palestine and Klembara had to have 12 stitches in his kneecap. Quarterback Tim Mellon has also been hampered by a turned ankle.

Crestview travels to United in a battle of 1-5 teams. The Golden Eagles should be bolstered by the return of halfback Tony Sonagere, while Crestview looked sharp in a 6-0 loss to Jackson - Milton last week. The teams have no common opponents. United beat Springfield Local 12-0 and Crestview nipped Southington 12-6.

South Side, 3-3, hosts Avonworth, also 3-3, in a Saturday afternoon game. The Rams are riding a three-game win streak, as sophomore quarterback Ed Ashcroft is pacing the team with his passing and the defense has come up with three straight shutouts, but Avonworth is a tough foe. The Antelopes have wins over Etna 32-0, Western Beaver 21-6 and Bellevue 13-0. Losses came to Neville 19-6, Crafton 6-0 and Avalon 26-13. South Side lost to Avalon, the only common foe, 19-0.

Western Beaver travels to Monaca Saturday night in another battle of 1-5 teams. The Indians have shown a porous defense, losing to Swissvale 38-13, Freedom 25-7, Rochester 32-13, Midland 34-14 and North Braddock Scott 53-13. Their lone win was over Center, 26-12, and Western also beat Center, 19-7.

Smith, Carlos Kicked Off Team

MEXICO CITY (AP) — The U.S. Olympic Committee suspended star Negro sprinters Tommie Smith and John Carlos from the U.S. Olympic team after midnight Thursday for "untypical exhibitionism" during an Olympic victory ceremony Wednesday.

The decision followed a complaint by the International Olympic Committee regarding the conduct of Smith when he received the gold medal for winning the 200-meter event and Carlos when he was presented the bronze medal for finishing third in the 200-meter finals Wednesday.

Both Smith and Carlos raised clenched fists clothed in black gloves during the playing of the Star Spangled Banner and also wore black knee socks without shoes during the presentation ceremony.

Two members of the U.S. Olympic Committee's board of consultants, John Sayre, a rower in the 1960 Olympics, and Billy Mills, the 10,000-meter winner in 1964, went to the Olympic Village after midnight to notify Smith and Carlos to leave.

The statement from the U.S. Olympic Committee said that any repetition of "such incidents by other members of the U.S. team can only be considered a willful disregard of Olympic principles that would warrant the imposition of the severest penalties at the disposal of the U.S. Olympic Committee."

The statement expressed "profound regrets" to the IOC, the Mexican Organizing Committee and to the people of Mexico "for the discourtesy displayed by two members of this team.

Davenport, Hall 1-2 In 110 Hurdles

By BOB GREEN
Associated Press Sports Writer

MEXICO CITY (AP) — The Russians are on the move and the racially-troubled Americans are officially—but perhaps temporarily—embarrassed in these harassed, politically tainted 19th Olympic Games.

Russia picked up 10 medals Thursday, two of them gold, and moved past the United States in total medals 19-17. The Americans still lead in gold medals, 9-5, including a 1-2 finish in the 110-meter hurdles and record-breaking victories by two swimming relay teams.

Off the playing fields and in the conference rooms, the United States received a slap on the wrist from the International Olympic Committee over the conduct of black athltes Tommie Smith and John Carlos.

Smith and Carlos, 1-3 finishers in the 200 meters Wednesday, refused to look at the American flag after receiving their medals and raised black-gloved, clinched fists in protest of the racial question in the United States.

The IOC, through President Avery Brundage, released a statement saying Smith and Carlos violated the Olympics no-politics principle "by using the occasion to advertise domestic political views."

"I am embarrassed," acting USOC Director Everett Barnes told a newsman. "All of us are embarrassed. It makes our country look like the devil."

There was no such incident Thursday, when Willie Davenport of Warren, Ohio, and Ervin Hall of Philadelphia swept a 1-2 finish in the 110-meter hurdles, Davenport winning in 13.3, matching the Olympic record.

Both Negroes stood at attention during the victory ceremony, and refused to discuss the racial question.

The American victories in the two swimming relays, the women's 400-meter medley and the men's 400-meter freestyle, was expected but completely unexpected was a bronze medal from Larry Young of San Pedro, Calif.

It was the first medal the United States had ever won in Olympic walking competition. Young was near exhaustion when he came in more than 10 minutes after the winner, Christoph Hohne of East Germany, who was timed in four hours, 20:13.6.

Antel Kiss of Hungary was second and Young was third in 4:31:55.4.

The U.S. men's 400-meter freestyle relay team broke all the records, world and Olympic, with a 3:31.7 clocking.

The foursome of Zac Zorn of Buena Park, Calif., Steve Rerych of Paterson, N.J., Mark Spitz of Santa Clara, Calif., and Ken Walsh of Ponte Verda, Calif., beat the world record of 3:32.5.

Russia was second, four meters back, in 3:34.2.

The U.S. girls broke the listed world and olympic records in the medley.

The team, made up of Kaye Hall, 17-year-old from Tacoma, Wash.; Catie Ball, 17, of Jacksonville, Fla.; Ellie Danils, 18, of Elkins Park, Pa., and Sue Pedersen, 15, of Sacramento, Calif., was timed in 4:28.3. The same quartet, however, has a pending world mark of 4:28.1.

The only swimming-diving final scheduled today is the springboard diving, with Lt. Micki King, Pontiac, Mich., in the lead after seven dives.

The Russians had their biggest day of the Games, with Victor Saneyer winning the triple jump at 57 feet ¾ inches—a world record, and Boris Selitsky and Vladimir Belyear finishing 1-2 in the light-heavyweight weightlifting. Each hoisted 1,067 pounds with Selitsky getting the nod because of his lighter weight.

Russians also were 2-3 in the women's high jump, but Antonina Korakava and Valentina Kozyr refused to attend the press interview with Czech winner Miloslava Rezkova, who cleared 5-11¾.

Defending champion Romould Klim was second to Gyulia Asotsky of Hungary in the hammer throw, whose winning throw was 240-8. Russia also got a third in the modern pentathlon, second in team pentathlos, and second in saber fencing.

Other winners of the day's heavy schedule included Bjorn Ferm of Sweden in the modern pentathlon; Mohamed Gammoudi of Tunisia in the 5,000-meter run in 14:05.0, with Australia's Ron Clarke challenging in the final laps, then falling back into the pack.

Hungary won the team pentathlon, Pierre Trehtin of France took the 1,000-meter time trial cycling event and Jerry Pawlowski of Poland took the gold medal in saber fencing.

For the first time the U.S. has qualified crews for all seven rowing finals, with William Maher of Detroit and John Nunn of Cincinnati, making it through the semifinals of the double sculls.

The Americans also placed a full complement of three in the track semifinals—the men's 400, and has three girls—headed by Barbara Ferrell's Olympic record 22.8—in the finals of the women's 200.

The U.S. Olympic Committee, after a long session on the Smith - Carlos affair, issued a statement which said, in part:

"The United States Olympic Committee expresses regrets to the International Olympic Committee, the Mexican Organizing Committee and the people of Mexico for the discourtesy displayed by two members of the U.S. team in departing from tradition during the victory ceremony at Olympic Stadium Oct. 16.

The committee later withdrew the statement, and said it will have another formal statement today.

WONDERFUL WILLIE. Willie Davenport of Warren is exultant as he breaks the tape to tie the Olympic record of 13.3 seconds in the 110-meter hurdles. On the right is Eddie Otto of Italy, who took the bronze medal at Mexico City yesterday. (UPI Telephoto)

The decision followed a complaint by the International Olympic Committee regarding the conduct of Smith when he received the gold medal for winning the 200-meter event and Carlos when he was presented the bronze medal for finishing third in the 200-meter finals Wednesday.

Both Smith and Carlos raised clenched fists clothed in black gloves during the playing of the Star Spangled Banner and also wore black knee socks without shoes during the presentation ceremony.

Two members of the U.S. Olympic Committee's board of consultants, John Sayre, a rower in the 1960 Olympics, and Billy Mills, the 10,000-meter winner in 1964, went to the Olympic Village after midnight to notify Smith and Carlos to leave.

The statement from the U.S. Olympic Committee said that any repetition of "such incidents by other members of the U.S. team can only be considered a willful disregard of Olympic principles that would warrant the imposition of the severest penalties at the disposal of the U.S. Olympic Committee."

The statement expressed "profound regrets" to the IOC, the Mexican Organizing Committee and to the people of Mexico "for the discourtesy displayed by two members of this team.

Davenport, Hall 1-2 In 110 Hurdles

By BOB GREEN
Associated Press Sports Writer

MEXICO CITY (AP) — The Russians are on the move and the racially-troubled Americans are officially—but perhaps temporarily—embarrassed in these harassed, politically tainted 19th Olympic Games.

Russia picked up 10 medals Thursday, two of them gold, and moved past the United States in total medals 19-17. The Americans still lead in gold medals, 9-5, including a 1-2 finish in the 110-meter hurdles and record-breaking victories by two swimming relay teams.

Off the playing fields and in the conference rooms, the United States received a slap on the wrist from the International Olympic Committee over the conduct of black athltes Tommie Smith and John Carlos.

Smith and Carlos, 1-3 finishers in the 200 meters Wednesday, refused to look at the American flag after receiving their medals and raised black-gloved, clinched fists in protest of the racial question in the United States.

The IOC, through President Avery Brundage, released a statement saying Smith and Carlos violated the Olympics no-politics principle "by using the occasion to advertise domestic political views."

"I am embarrassed," acting USOC Director Everett Barnes told a newsman. "All of us are embarrassed. It makes our country look like the devil."

There was no such incident Thursday, when Willie Davenport of Warren, Ohio, and Ervin Hall of Philadelphia swept a 1-2 finish in the 110-meter hurdles, Davenport winning in 13.3, matching the Olympic record.

Both Negroes stood at attention during the victory ceremony, and refused to discuss the racial question.

The American victories in the two swimming relays, the women's 400-meter medley and the men's 400-meter freestyle, was expected but completely unexpected was a bronze medal from Larry Young of San Pedro, Calif.

It was the first medal the United States had ever won in Olympic walking competition. Young was near exhaustion when he came in more than 10 minutes after the winner, Christoph Hohne of East Germany, who was timed in four hours, 20:13.6.

Antel Kiss of Hungary was second and Young was third in 4:31:55.4.

The U.S. men's 400-meter freestyle relay team broke all the records, world and Olympic, with a 3:31.7 clocking.

The foursome of Zac Zorn of Buena Park, Calif., Steve Rerych of Paterson, N.J., Mark Spitz of Santa Clara, Calif., and Ken Walsh of Ponte Verda, Calif., beat the world record of 3:32.5.

Russia was second, four meters back, in 3:34.2.

The U.S. girls broke the listed world and olympic records in the medley.

The team, made up of Kaye Hall, 17-year-old from Tacoma, Wash.; Catie Ball, 17, of Jacksonville, Fla.; Ellie Danils, 18, of Elkins Park, Pa., and Sue Pedersen, 15, of Sacramento, Calif., was timed in 4:28.3. The same quartet, however, has a pending world mark of 4:28.1.

The only swimming-diving final scheduled today is the springboard diving, with Lt. Micki King, Pontiac, Mich., in the lead after seven dives.

The Russians had their biggest day of the Games, with Victor Saneyer winning the triple jump at 57 feet ¾ inches—a world record, and Boris Selitsky and Vladimir Belyear finishing 1-2 in the light-heavyweight weightlifting. Each hoisted 1,067 pounds with Selitsky getting the nod because of his lighter weight.

WONDERFUL WILLIE. Willie Davenport of Warren is exultant as he breaks the tape to tie the Olympic record of 13.3 seconds in the 110-meter hurdles. On the right is Eddie Ottoz of Italy, who took the bronze medal at Mexico City yesterday. (UPI Telephoto)

Russians also were 2-3 in the women's high jump, but Antonina Korakava and Valentina Kozyr refused to attend the press interview with Czech winner Miloslava Rezkova, who cleared 5-11¾.

Defending champion Romould Klim was second to Gyulia Asotsky of Hungary in the hammer throw, whose winning throw was 240-8. Russia also got a third in the modern pentathlon, second in team pentathlos, and second in saber fencing.

Other winners of the day's heavy schedule included Bjorn Ferm of Sweden in the modern pentathlon; Mohamed Gammoudi of Tunisia in the 5,000-meter run in 14:05.0, with Australia's Ron Clarke challenging in the final laps, then falling back into the pack.

Hungary won the team pentathlon, Pierre Trehtin of France took the 1,000-meter time trial cycling event and Jerry Pawlowski of Poland took the gold medal in saber fencing.

For the first time the U.S. has qualified crews for all seven rowing finals, with William Maher of Detroit and John Nunn of Cincinnati, making it through the semifinals of the double sculls.

The Americans also placed a full complement of three in the track semifinals—the men's 400, and has three girls—headed by Barbara Ferrell's Olympic record 22.8—in the finals of the women's 200.

The U.S. Olympic Committee, after a long session on the Smith - Carlos affair, issued a statement which said, in part:

"The United States Olympic Committee expresses regrets to the International Olympic Committee, the Mexican Organizing Committee and the people of Mexico for the discourtesy displayed by two members of the U.S. team in departing from tradition during the victory ceremony at Olympic Stadium Oct. 16.

The committee later withdrew with the statement, and said it will have another formal statement today.

Colts Pick Over Browns, Rams, Cowboys Favored

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — With the big showdown battle only one week off, both the Los Angeles Rams and Baltimore Colts should roll to their sixth straight victories Sunday.

Dallas also should make it six in a row at Minnesota with Dandy Don Meredith hitting his receivers while the Cowboys' defense shuts down the Vikings.

The Rams can't afford to look ahead to next week because the Atlanta Falcons can be tough, as the New York Giants found out.

No worry about the Colts being overconfident. They still remember that 27-0 beating in Cleveland in the 1964 title game.

Oakland's chances of repeating in the American Football League's West may depend on the Raiders' ability to bounce back at Kansas City. Houston's hopes of winning the East could hinge on Sunday's home game with Joe Namath and the New York Jets.

After last week's 6-6-1 this picker is bloodied but unbowed. That makes it 34-17-1 for the year (22-10 in NFL and 17-7-1 in AFL).

Let's try again. All games are Sunday afternoon.

NFL

Los Angeles 34, Atlanta 13—Unless Rams flatten out after Packer game to rest up for Colts, they should give the old Dutchman a rough welcome home. Rams have won 13 straight in regular season. Falcons just snapped 11-game losing streak last Sunday. Rams won both last year 31-3 and 20-3.

Baltimore 31, Cleveland 14—Colts' air arm too strong whether it's Earl Morrall or John Unitas at controls, and defense will pressure Bill Nelsen and contain Leroy Kelly.

Dallas 27, Minnesota 13—Cowboys never have lost to Vikes and won't start this week. Cowboys haven't given up a TD on ground and Vikes' best bet is the rush.

Detroit 14, Green Bay 13—Another tough defensive battle with Lem Barney's interception threat a key. Bart Starr questionable so Packers may have to go again with Zeke Bratkowski. Lions' attack clicking for Bill Munson with Mel Farr on hot streak.

New York 31, San Francisco 28—Fran Tarkenton-Homer Jones combo big threat for Giants but this may be the week for Aaron Thomas. Giants' leaky defense will make it close and John Brodie could pull it.

St. Louis 23, Washington 20—Could be a kicking contest between Jim Bakken and Charlie Gogolak. If Sonny Jurgensen were 100 per cent, Skins would have edge on passing.

New Orleans 20, Pittsburgh 17—Saints riding high after beating Vikings. They average 20 points a game and Steelers give up about 33. Could be an upset with Steelers at home and desperate with 0-5 record.

Chicago 17, Philadelphia 14—Bears hurting with Gale Sayers sub par and Jack Concannon out. Strictly a blindfold pick.

AFL

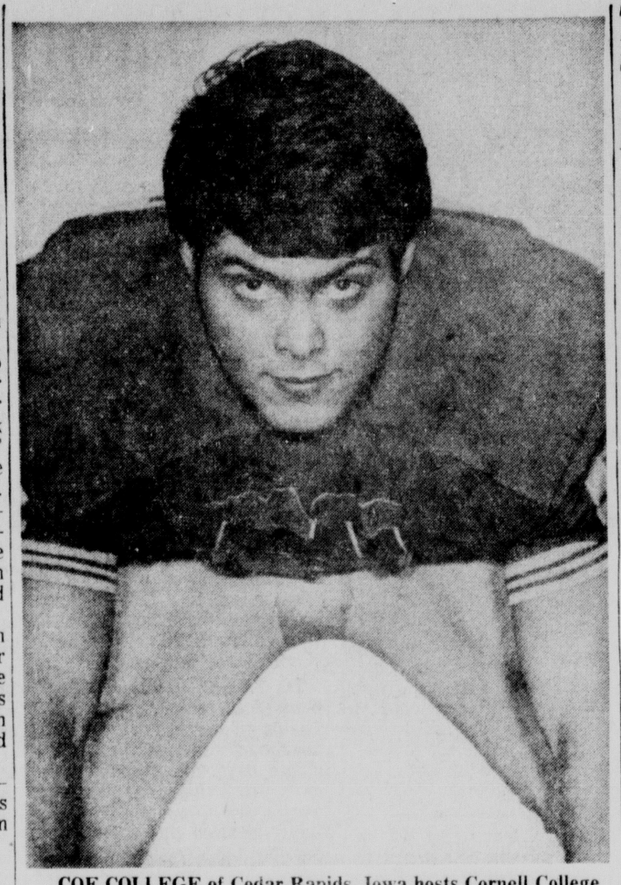
Oakland 24, Kansas City 20—Chiefs at home with four-game winning streak and tough defense that has yielded only 56 points in six games. Daryle Lamonica must get back on ball to offset Jon Stenerud's threat. Raiders' slight edge on attack.

Houston 21, New York 20—The Jets are favored but Joe Namath's 12 interceptions (Oilers picked off six last year in 28-28 tie) make them a bad risk. Houston pass defense best in league.

San Diego 24, Denver 14—Chargers had big game last week against Oakland and will be at home. Unless Broncos can hogtie Lance Alworth it shouldn't be close.

Boston 14, Buffalo 7—Tempted to call this one 0-0 after the way the two offenses performed last week.

Cincinnati 21, Miami 17—If Larry Csonka can't make it, Dolphins will be in tough shape. John Stofa of Bengals, who lost Miami job when Bob Griese was drafted, in head-to-head duel with his successor.



COE COLLEGE of Cedar Rapids, Iowa hosts Cornell College Saturday. A defensive standout fr the Mohawks is Peter Burnett, son of Dr. and Mrs. M. P. Burnett of Skyview Manor RD 3. Burnett, 5-11, 200, is a sophomore defensive guard from Beaver Local.

Meets Ohio State

Northwestern Plays 5th Highly Ranked Opponent

By MIKE BRYSON
Associated Press Sports Writer

At Northwestern University they might just be contemplating a mock string-up of the guy who mapped out the school's football scheduled this season.

On successive Saturdays, the Wildcats have been paired against Miami, Fla. (No. 12 in this week's Associated Press poll), top-ranked Southern California, Purdue (then ranked No. 1), and Notre Dame (sixth this week).

Northwestern, of course, has dropped all four—and there aren't any prospects for immediate relief. Saturday, the Wildcats furnish the opposition for No. 2 Ohio State, itching to wrest away the national championship from Southern Cal.

The Buckeyes climbed into the runnerup role as a close second to the Trojans with a 13-0 victory over Purdue last weekend that knocked the Boilermakers from the top spot.

Southern Cal, meanwhile, turns loose O.J. Simpson against lowly Washington Saturday in search of its fifth straight.

No. 3 Penn State is idle, while fourth-ranked Kansas draws Big Eight foe Oklahoma State, fresh from a 21-17 upset of Houston.

No. 5 Purdue should have Leroy Keyes back at full strength in what is expected to be an easy breeze against Wake Forest. Keyes suffered a strained back in practice a week ago.

Sixth-rated Notre Dame is heavily favored to clobber winless Illinois, and in the process quarterback Terry Hanratty may surpass the Irish's total yards record set by the immortal George Gipp. Hanratty is only 183 yards shy of the 4,110 total yards amassed by the Gipper from 1917-1920.

In other games involving the Top 10, No. 7 Florida travels to North Carolina, No. 8 Tennessee plays host to Alabama in a Southeastern Conference showdown, No. 9 Arkansas faces a crucial test at No. 17 Texas in a night game and No. 10 Georgia entertains Vanderbilt.

Two games match teams in the second 10—No. 13 Nebraska at home against Big Eight rival Missouri (tied for 20th) and No. 18 Michigan at No. 19 Indiana.

Other games involving the rated are: No. 11 Syracuse at California, No. 12 Miami plays host to Virginia Tech tonight, No. 14 Stanford faces Washington State at Spokane, No. 15 Texas Tech meets Mississippi State in a night game at Jacksonville, No. 16 Mississippi is at home against Southern Mississippi and Kentucky invades Louisiana State, tied with Missouri for 20th, in a night affair.

Miami, Ohio U. Meet In Top Ohio Grid Game

COLUMBUS, Ohio (AP) — Miami and Ohio University, both entertaining visions of a trip to the Tangerine Bowl, clash Saturday in the top attraction of a 25-game Ohio collegiate football program.

The Peden Stadium contest goes beyond the normal Redskins - Bobcats' rivalry. With both clubs boasting perfect 3-0 Mid-American Conference records, the winner will take a giant stride toward a MAC title and the Florida journey that goes with it.

There are other stellar headliners, including a Columbus bout that matches No. 2 ranked Ohio State against winless Northwestern.

Kent State, still looking for its first victory, plays at unbeaten Bowling Green; Toledo travels to Western Michigan; Cincinnati goes to Wichita for a Missouri Valley skirmish; Dayton plays host to Southern Illinois while Xavier tangles with Northern Illinois on the road.

It's Ohio U.'s high - powered attack against Miami's stingy defense in the MAC showdown tiff. It could turn out to be a duel of wits between Ohio Coach Bill Hess and Miami boss Bo Schembechler.

Miami, which leads the league in defense and is second in the nation against scoring, also tops the conference in rushing.

Ohio's multitalented offense is paced by quarterback Cleve Bryant who has yet to suffer an interception. Miami defenders have picked off 10 aerials.

Surprising Bowling Green, which played Toledo to a scoreless tie last week, must guard against a desperate Kent team eager to break into the victory column after five straight setbacks. The Falcons must triumph to keep their MAC title hopes alive.

Toledo must do the same against Wester, always tough at home. The high-scoring Rockets hit a snag against Bowling Green last week and are anxious to start ringing up points again.

Once-beaten Dayton, after a week's respite, should have too much of everything for Southern Illinois.

There are two big ones on tap in the Ohio Conference with Marietta (3-0) visiting Capital (2-1) and Ohio Wesleyan (2-0) playing at Muskingum (2-1).

The others:

Denison at Wooster; Kenyon at Hiram; Heidelberg at Wittenberg; Baldwin-Wallace at Otterbein (N); Lake Forest at Oberlin; Mount Union at Westminster; Slippery Rock at Wilmington; Bluffton at Anderson; Defiance at Manchester; John Carroll at Ashland; Central State at Central Michigan; Akron at Eastern Kentucky; Youngstown at Morehead (Ky.); Washington & Jefferson at Case; Adelbert at Bethany; Findlay at Ohio Northern (N).

Texas A&I Takes First In NAIA Poll

KANSAS CITY (AP) — When is a 34-0 victory better than a 49-0 win? When it impresses the voters in a college football poll, New Mexico Highlands learn this week.

Texas A&I whipped Stephen F. Austin, 34-0, last week and climbed past Highlands into first place in this week's National Association of Intercollegiate Athletics poll. The New Mexico team mauled Westminster of Utah, 49-0.

Texas A&I drew one less first-place vote than New Mexico Highlands, 5-4, but outpointed Highlands, 124-121, in the voting. Both are unbeaten and untied, Texas A&I in four games and Highlands in five.

Far back in third place was Appalachian, N.C., with four first-place votes and 79 points. Appalachian beat Lenoir Rhyne—the third-rated team last week—by 41-28 for its fourth win in a row.

Fourth was Florida A&M (3-0) with 73 points, while Sul Ross State (4-0) was fifth with 65. Florida A&M whipped Alabama A&M, 33-7, while Sul Ross was idle.

Rounding out the top 10 were Indiana, Pa. (5-0), Alcorn A&M (3-0), Arkansas Tech (5-0), Troy Ala., State (4-0) and East Central Oklahoma (4-0). Alcorn drew one first-place vote.

The second 10, in order, had Emory & Henry, Southwestern Louisiana, Glenville, W.Va., Alma, Mich., Austin, Tex., Northern, S.D., State, St. Norbert (Wis.), Doane, Neb., Linfield (Ore.) and William Jewell.

Elvin Hayes Leads Win For Rockets

SAN DIEGO (AP) — Elvin Hayes, paid $400,000 to sign with San Diego of the National Basketball Association, led the Rockets to a 128-110 opening game victory Thursday night over the Seattle SuperSonics. The 6-foot-9 center scored 25 points, blocked seven shots, hauled down 14 rebounds and intimidated the Sonics all night.

The victory broke a 15-game losing streak the Rockets had to end the 1967-68 season. San Diego lost 32 of their last 33 games.

The Rockets pulled away to a 13-point first-period lead but by the fourth period the Sonics had whittled it to 89-83. Then rookie guard Rick Adelman, playing with a broken cheekbone, entered the game and got the Rockets running.

Don Kojis wound up the game's high scorer, pacing the winners with 34 points.

Bob Rule led Seattlt with 31.

ABA Starts Tonight With Rick Barry

INDIANAPOLIS, Ind. (AP) — Rick Barry makes his American Basketball Association debut tonight as the league opens its second season with the Oakland Oaks going against the Indiana Pacers.

Barry, the NBA's leading scorer two years ago, is expected to lead the Oaks to a considerably better season than last year, when they finished in the basement of the Western Division.

The Pacers finished third in the Eastern Division last season. They have been strengthened by the acquisition of Mel Daniels, last year's ABA Rookie of the Year, in a trade with Minnesota.

Both teams have won six of nine exhibition games, but the Oaks beat the Pacers in two out of three meetings.

Barry has averaged 38.5 points per game in pre-season play.

Nipped By Aliquippa

The East Liverpool JV cross-country team took on the Aliquippa varsity at Thompson Park yesterday and lost 23-30.

Don Bodinar of East Liverpool won the meet, with Bob Farnsworth third and Rich Averell fourth.

Steelers Underdog

Colts Pick Over Browns, Rams, Cowboys Favored

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — With the big showdown battle only one week off, both the Los Angeles Rams and Baltimore Colts should roll to their sixth straight victories Sunday.

Dallas also should make it six in a row at Minnesota with Dandy Don Meredith hitting his receivers while the Cowboys' defense shuts down the Vikings.

The Rams can't afford to look ahead to next week because the Atlanta Falcons can be tough, as the New York Giants found out.

No worry about the Colts being overconfident. They still remember that 27-0 beating in Cleveland in the 1964 title game.

Oakland's chances of repeating in the American Football League's West may depend on the Raiders' ability to bounce back at Kansas City. Houston's hopes of winning the East could hinge on Sunday's home game with Joe Namath and the New York Jets.

After last week's 6-6-1 this picker is bloodied but unbowed. That makes it 34-17-1 for the year (22-10 in NFL and 17-7-1 in AFL).

Let's try again. All games are Sunday afternoon.

NFL

Los Angeles 34, Atlanta 13—Unless Rams flatten out after Packer game to rest up for Colts, they should give the old Dutchman a rough welcome home. Rams have won 13 straight in regular season. Falcons just snapped 11-game losing streak last Sunday. Rams won both last year 31-3 and 20-3.

Baltimore 31, Cleveland 14—Colts' air arm too strong whether it's Earl Morrall or John Unitas at controls, and defense will pressure Bill Nelsen and contain Leroy Kelly.

Dallas 27, Minnesota 13—Cowboys never have lost to Vikes and won't start this week. Cowboys haven't given up a TD on ground and Vikes' best bet is the rush.

Detroit 14, Green Bay 13—Another tough defensive battle with Lem Barney's interception threat a key. Bart Starr questionable so Packers may have to go again with Zeke Bratkowski. Lions' attack clicking for Bill Munson with Mel Farr on hot streak.

New York 31, San Francisco 28—Fran Tarkenton-Homer Jones combo big threat for Giants but this may be the week for Aaron Thomas. Giants' leaky defense will make it close and John Brodie could pull it.

St. Louis 23, Washington 20—Could be a kicking contest between Jim Bakken and Charlie Gogolak. If Sonny Jurgensen were 100 per cent, Skins would have edge on passing.

New Orleans 20, Pittsburgh 17—Saints riding high after beating Vikings. They average 20 points a game and Steelers give up about 33. Could be an upset with Steelers at home and desperate with 0-5 record.

Chicago 17, Philadelphia 14—Bears hurting with Gale Sayers sub par and Jack Concannon out. Strictly a blindfold pick.

AFL

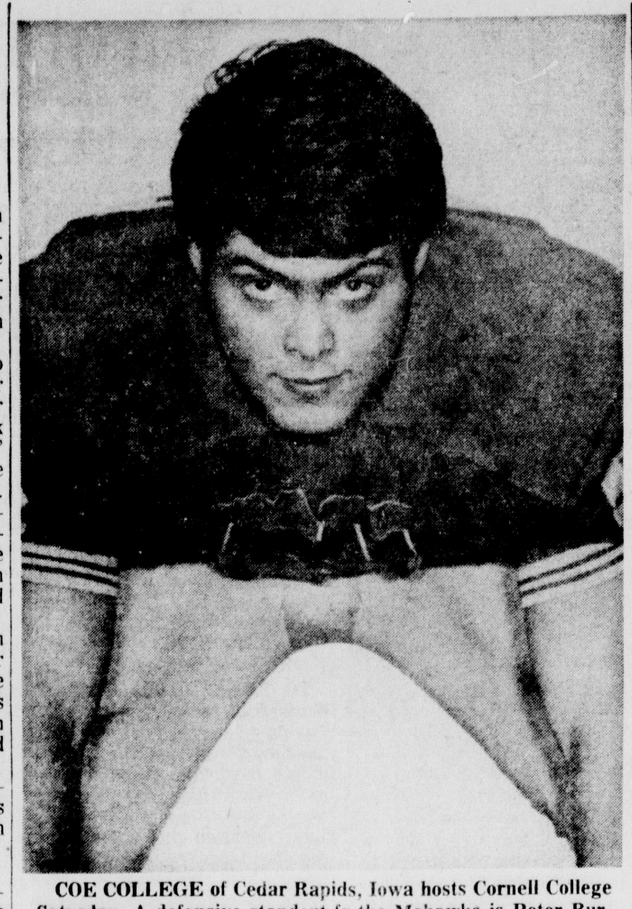
Oakland 24, Kansas City 20—Chiefs at home with four-game winning streak and tough defense that has yielded only 56 points in six games. Daryle Lamonica must get back on ball to offset Jon Stenerud's threat. Raiders' slight edge on attack.

Houston 21, New York 20—The Jets are favored but Joe Namath's 12 interceptions (Oilers picked off six last year in 28-28 tie) make them a bad risk. Houston pass defense best in league.

San Diego 24, Denver 14—Chargers had big game last week against Oakland and will be at home. Unless Broncos can hogtie Lance Alworth it shouldn't be close.

Boston 14, Buffalo 7—Tempted to call this one 0-0 after the way the two offenses performed last week.

Cincinnati 21, Miami 17—If Larry Csonka can't make it, Dolphins will be in tough shape. John Stofa of Bengals, who lost Miami job when Bob Griese was drafted, in head-to-head duel with his successor.



COE COLLEGE of Cedar Rapids, Iowa hosts Cornell College Saturday. A defensive standout fr the Mohawks is Peter Burnett, son of Dr. and Mrs. M. P. Burnett of Skyview Manor RD 3. Burnett, 5-11, 200, is a sophomore defensive guard from Beaver Local.

Meets Ohio State

Northwestern Plays 5th Highly Ranked Opponent

By MIKE BRYSON
Associated Press Sports Writer

At Northwestern University they might just be contemplating a mock string-up of the guy who mapped out the school's football scheduled this season.

On successive Saturdays, the Wildcats have been paired against Miami, Fla. (No. 12 in this week's Associated Press poll), top-ranked Southern California, Purdue (then ranked No. 1), and Notre Dame (sixth this week).

Northwestern, of course, has dropped all four—and there aren't any prospects for immediate relief. Saturday, the Wildcats furnish the opposition for No. 2 Ohio State, itching to wrest away the national championship from Southern Cal.

The Buckeyes climbed into the runnerup role as a close second to the Trojans with a 13-0 victory over Purdue last weekend that knocked the Boilermakers from the top spot.

Southern Cal, meanwhile, turns loose O.J. Simpson against lowly Washington Saturday in search of its fifth straight.

No. 3 Penn State is idle, while fourth-ranked Kansas draws Big Eight foe Oklahoma State, fresh from a 21-17 upset of Houston.

No. 5 Purdue should have Leroy Keyes back at full strength in what is expected to be an easy breeze against Wake Forest. Keyes suffered a strained back in practice a week ago.

Sixth-rated Notre Dame is heavily favored to clobber winless Illinois, and in the process quarterback Terry Hanratty may surpass the Irish's total yards record set by the immortal George Gipp. Hanratty is only 183 yards shy of the 4,110 total yards amassed by the Gipper from 1917-1920.

In other games involving the Top 10, No. 7 Florida travels to North Carolina, No. 8 Tennessee plays host to Alabama in a Southeastern Conference showdown, No. 9 Arkansas faces a crucial test at No. 17 Texas in a night game and No. 10 Georgia entertains Vanderbilt.

Two games match teams in the second 10—No. 13 Nebraska at home against Big Eight rival Missouri (tied for 20th) and No. 18 Michigan at No. 19 Indiana.

Other games involving the rated are: No. 11 Syracuse at California, No. 12 Miami plays host to Virginia Tech tonight, No. 14 Stanford faces Washington State at Spokane, No. 15 Texas Tech meets Mississippi State in a night game at Jacksonville, No. 16 Mississippi is at home against Southern Mississippi and Kentucky invades Louisiana State, tied with Missouri for 20th, in a night affair.

Miami, Ohio U. Meet In Top Ohio Grid Game

COLUMBUS, Ohio (AP) — Miami and Ohio University, both entertaining visions of a trip to the Tangerine Bowl, clash Saturday in the top attraction of a 25-game Ohio collegiate football program.

The Peden Stadium contest goes beyond the normal Redskins - Bobcats' rivalry. With both clubs boasting perfect 3-0 Mid-American Conference records, the winner will take a giant stride toward a MAC title and the Florida journey that goes with it.

There are other stellar headliners, including a Columbus bout that matches No. 2 ranked Ohio State against winless Northwestern.

Kent State, still looking for its first victory, plays at unbeaten Bowling Green; Toledo travels to Western Michigan; Cincinnati goes to Wichita for a Missouri Valley skirmish; Dayton plays host to Southern Illinois while Xavier tangles with Northern Illinois on the road.

It's Ohio U.'s high - powered attack against Miami's stingy defense in the MAC showdown tiff. It could turn out to be a duel of wits between Ohio Coach Bill Hess and Miami boss Bo Schembechler.

Miami, which leads the league in defense and is second in the nation against scoring, also tops the conference in rushing.

Ohio's multitalented offense is paced by quarterback Cleve Bryant who has yet to suffer an interception. Miami defenders have picked off 10 aerials.

Surprising Bowling Green, which played Toledo to a scoreless tie last week, must guard against a desperate Kent team eager to break into the victory column after five straight setbacks. The Falcons must triumph to keep their MAC title hopes alive.

Toledo must do the same against Wester, always tough at home. The high-scoring Rockets hit a snag against Bowling Green last week and are anxious to start ringing up points again.

Once-beaten Dayton, after a week's respite, should have too much of everything for Southern Illinois.

There are two big ones on tap in the Ohio Conference with Marietta (3-0) visiting Capital (2-1) and Ohio Wesleyan (2-0) playing at Muskingum (2-1).

The others:

Denison at Wooster; Kenyon at Hiram; Heidelberg at Wittenberg; Baldwin-Wallace at Otterbein (N); Lake Forest at Oberlin; Mount Union at Westminster; Slippery Rock at Wilmington; Bluffton at Anderson; Defiance at Manchester; John Carroll at Ashland; Central State at Central Michigan; Akron at Eastern Kentucky; Youngstown at Morehead (Ky.); Washington & Jefferson at Case; Adelbert at Bethany; Findlay at Ohio Northern (N).

Wells Wins 5th Straight Game, 41-0

Wells Junior high won its fifth straight game yesterday, whipping New Cumberland 41-0 at Newell.

Nick Horoszko accounted for all the scoring, passing for four TDs and scoring on a 60-yard pass interception and a 60-yard punt return. Jeff Flesch caught two TD passes and Joe Jackson and Richard Pecka one each. John Manypenny and Dave Jividen led the defese.

Dayton U. Due New Fieldhouse

COLUMBUS, Ohio (AP) — A long-standing financial problem was resolved Thursday enabling the University of Dayton to have a new 13,000 - seat field house ready for use in the 1969-70 basketball season.

The project was given a go-ahead Thursday by the Ohio Higher Education facility Commission, which will take title to the building although building bonds already are 75 per cent sold out.

The new building will be located on 4.5 acres of land owned by the Miami Conservancy District immediately southwest of Welcome Stadium. The university traded a comparable tract along the Miami River to the conservancy district for the building site.

Grimm Leads Western Past Freedom

Western Beaver upped its cross-country mark to 10-2 for the year with a 21-35 win at Freedom yesterday.

Dave Grimm of the Golden Beavers set a course record, covering the 2.2 miles in 10:44. Tom Smith, Don Albacker, Mike Hoyt, Joe Camaioni and Keith McGaffick placed in the Top 10 for Cecil Allison's team.

Summary: 1. Grimm (W), 2. Smith (W), 3. Albacker (W), 4. Higgenbothor (F), 5. Mising (F), 6. Wauth (F), 7. Hoyt (W), 8. Camaioni (W), 9. Martin (F), 10. McGaffick (W).

Madonna Blanks Chester 20-0

Weirton Madonna blanked Chester 20-0 in a junior high football game at Chester yesterday.

Ben Gregory, Dennis Pickering, Mike Fisher and Rick Aaron played well for the losers, now 2-2-1.

Westgate Loses 50-0

Massilon Edmond Jones whipped Westgate 50-0 in a junior high football game at Patterson Field yesterday.

A furlong is 220 yards or an eighth of a mile. The term is used in thoroughbred racing.

Texas A&I Takes First In NAIA Poll

KANSAS CITY (AP) — When is a 34-0 victory better than a 49-0 win? When it impresses the voters in a college football poll, New Mexico Highlands learn this week.

Texas A&I whipped Stephen F. Austin, 34-0, last week and climbed past Highlands into first place in this week's National Association of Intercollegiate Athletics poll. The New Mexico team mauled Westminster of Utah, 49-0.

Texas A&I drew one less first-place vote than New Mexico Highlands, 5-4, but outpointed Highlands, 124-121, in the voting. Both are unbeaten and untied, Texas A&I in four games and Highlands in five.

Far back in third place was Appalachian, N.C., with four first-place votes and 79 points. Appalachian beat Lenoir Rhyne—the third-rated team last week—by 41-28 for its fourth win in a row.

Fourth was Florida A&M (3-0) with 73 points, while Sul Ross State (4-0) was fifth with 65. Florida A&M whipped Alabama A&M, 33-7, while Sul Ross was idle.

Rounding out the top 10 were Indiana, Pa. (5-0), Alcorn A&M (3-0), Arkansas Tech (5-0), Troy Ala., State (4-0) and East Central Oklahoma (4-0). Alcorn drew one first-place vote.

The second 10, in order, had Emory & Henry, Southwestern Louisiana, Glenville, W.Va., Alma, Mich., Austin, Tex., Northern, S.D., State, St. Norbert (Wis.), Doane, Neb., Linfield (Ore.) and William Jewell.

Elvin Hayes Leads Win For Rockets

SAN DIEGO (AP) — Elvin Hayes, paid $400,000 to sign with San Diego of the National Basketball Association, led the Rockets to a 128-110 opening game victory Thursday night over the Seattle SuperSonics. The 6-foot-9 center scored 25 points, blocked seven shots, hauled down 14 rebounds and intimidated the Sonics all night.

The victory broke a 15-game losing streak the Rockets had to end the 1967-68 season. San Diego lost 32 of their last 33 games.

The Rockets pulled away to a 13-point first-period lead but by the fourth period the Sonics had whitttled it to 89-83. Then rookie guard Rick Adelman, playing with a broken cheekbone, entered the game and got the Rockets running.

Don Kojis wound up the game's high scorer, pacing the winners with 34 points.

Bob Rule led Seattlt with 31.

ABA Starts Tonight With Rick Barry

INDIANAPOLIS, Ind. (AP) — Rick Barry makes his American Basketball Association debut tonight as the league opens its second season with the Oakland Oaks going against the Indiana Pacers.

Barry, the NBA's leading scorer two years ago, is expected to lead the Oaks to a considerably better season than last year, when they finished in the basement of the Western Division.

The Pacers finished third in the Eastern Division last season. They have been strengthened by the acquisition of Mel Daniels, last year's ABA Rookie of the Year, in a trade with Minnesota.

Both teams have won six of nine exhibition games, but the Oaks beat the Pacers in two out of three meetings.

Barry has averaged 38.5 points per game in pre-season play.

Nipped By Aliquippa

The East Liverpool JV cross-country team took on the Aliquippa varsity at Thompson Park yesterday and lost 28-30.

Don Bodinar of East Liverpool won the meet, with Bob Farnsworth third and Rich Averell fourth.

RICH ROSE

End Tim Leek was named offensive lineman of the week for his blocking. Butch Dangelo and Junior MacKenzie shared the defensive back of the week award and Ron Malone and Frank Francis shared the defensive lineman of the week award.

Jim Ewing had the most tackles.

Tim Mellon Back Of Week For Beavers

Quarterback Tim Mellon was named Beaver Local offensive back of the week for his performance in the 14-0 loss to East Palestine.

Mellon passed better and made few mistakes, noted the coaches after studying films of the game.

The coaches had special mention for Scott Dubberly, who did an excellent job of holding down Joe Lewis of the Bulldogs.

Jack Nicklaus Leads Sahara Golf With 67

LAS VEGAS, Nev. (AP) — Jack Nicklaus and two less renowned rivals led the way into the second round of the $100,000 Sahara Invitational golf tournament today.

The winner the last two years and in 1963, Nicklaus, along with long Bill Collins and Dale Douglass, all shot first round scores of 34-33—67.

Tied at 68 were Julius Boros, Kermit Zarley and Joe Porter.

Included in the 70 or better class was National Open champion Lee Trevino, whose 70 deadlocked him with such pros as Chi Chi Rodriguez and R. H. Sikes.

George Archer, one of the top five money winners on the tour, was in the 69 group, while the leading money winner of the year, Billy Casper, had to settle for 71.

ANN LANDERS

Daughter Blames 'Mom'

Dear Ann Landers: My husband has been in and out of a mental hospital for the last four years. He's tried to commit suicide five times. He's also tried to kill me.

Our youngest daughter is 20. She continually berates me for "not letting Papa come home." She insists I'm putting him in his grave by keeping him locked up away from his family. She keeps telling me it's my fault becauause Papa is sick — that I nagged him into insanity.

When she talks this way I get so depressed I can't eat or sleep.

My two older daughters understand. This girl does not. I've asked her to speak to the doctors but she refuses. What can I do? — BUFFALO.

-:-

Dear Buff: You can ask the doctor to write a short letter to your 20-year-old explaining the necessity of keeping her father hospitalized. It's not her love for her father but her hostility toward you that makes her behave this way.

When you understand this you'll no longer permit her to make you feel guilty, which is, of course, her prime motivation.

No Way Out

Dear Ann: What does a woman do after 20 years of marriage when her 43-year-old husband comes to her and asks her for a divorce? I'm 39 and have four wonderful children. I love my husband and was shocked when he told me he's fallen out of love and wants to be free so he can recapture that old feeling.

I suggested counseling and he said it would be useless. He wants out. I feel lost and frightened. Two of our children are quite young and I'm afraid I cannot raise them alone.

I'm panic-stricken and bewildered and can't figure out what happened. What should I do? — ST. LOUIS

-:-

Dear S.L.: It sounds as if your husband has already "recaptured that old feeling" — with somebody else. Tell him he is free to move out, but no divorce.

After 20 years of marriage and four children, a man has no right to flake off just because he's found a little more excitement elsewhere. He has an obligation to stick with his family — and make the best of whatever feeling there is.

Sometimes these lover boys get their fill of fooling around when the glamor of stolen moments and secret rendezvous has worn off. They miss their kids and regain their sanity and go back home where they belong.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.

Earliest known Europeans to cross the entire Himalayan barrier were groups of Jesuit and Capuchin priests from China and India, who established short - lived missions in Tibet in the early 17th century.

The DOCTOR Says

Hysteria May Cause 'False' Pregnancy

Dr. Brandstadt

The most unusual example of the power of mind over matter is the false pregnancy. A woman who is firmly but falsely convinced that she is pregnant may cease to menstruate, suffer morning sickness, gain weight and develop a protruding abdomen. Changes may also occur in her breasts and the rumblings in her intestines may be interpreted as signs of life in a fetus.

—:—

IN SOME WOMEN, this false assumption may be based on an overpowering desire for a baby and in others it may stem from an equally strong fear of being pregnant. Sometimes even the woman's doctor is fooled, but with the use of modern laboratory tests for pregnancy this is unlikely. The earlier a false pregnancy is correctly diagnosed the better for all concerned.

—:—

SOME WOMEN, when they learn that they are not pregnant after all, start to menstruate the next day. Their other signs of pregnancy also disappear promptly. False pregnancy is believed to be a form of hysteria and in some highly suggestible women it may even occur a second or third time unless the under-lying emotional disturbance is discovered and eliminated.

—:—

Q—In the plant where I work, the humidity is kept at 20 per cent and the temperature at 60 to 65. What evvect will a daily exposure to this environment have on my health?

A—The indoor humidity should be about 45 per cent for maximum comfort; 20 per cent or lower causes drying of the skin and mucous membranes and a decrease in the activity of the cilia lining the nose and throat.

Q—Please recommend a doctor in my area who uses cryosurgery or supercooling to treat cancer.

A—Although this technique is highly successful in some, it is not suited to all victims of this disease. You should find a surgeon in whom you have confidence and let him decide what method of treatment is best for you. Anyone who does not have a surgeon, dermatologist or any other type of doctor he feels he needs should let his local medical society help him find one.

Q—A friend was told by a psychiatrist that she has compulsive behavior. Can this be cured?

A—This is a form of neurosis—a disturbance caused by a deep - seated emotional conflict. The victim needs psychiatric treatment. Cure is possible but often difficult.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

Fulbright Faces Hard Fight For Re-Election

LITTLE ROCK, Ark., (AP) — Sen. J. W. Fulbright, Democratic chairman of the Senate Foreign Relations Committee, is running one of the hardest races of his career against a Republican farmer-businessman seeking his first statewide office.

The campaign has pushed beyond Arkansas' borders, enlisting contributors for both sides from throughout the country.

Headquarters for Charles T. Bernard, the GOP candidate, has mailed thousands of letters scoring Fulbright's foreign policy record and asking for contributions. But Bernard denies reports that he is receiving the aid of large conservative organizations.

Bernard's letter says liberal groups are "pouring thousands of dollars into the effort to save Fulbright," who is seeking his fourth Senate term.

Hoyt Purvis, Fulbright's press aide, denies that, but says "one or two" national organizations probably have encouraged their members to contribute to the senator.

In addition, letters bearing the name of Poet Archibald MacLeish urging contributions for Fulbright have been mailed from Washington.

"With George Wallace and Richard Nixon dominating the Arkansas presidential picture, and with his Republican opponent powerfully backed by the full financial resources of the right wing across the nation, Sen. Fulbright needs substantial support," the letter says.

Fulbright won renomination in the July 30 primary, receiving 53 per cent of the vote. This was a much closer margin than the 65 per cent he had predicted.

Fulbright has been described by the primary runner-up, self-proclaimed segregationist Jim Johnson, as the "Pin-up Boy of Hanoi."

If advertising in newspapers, on billboards, radio and television is any indication, Bernard's campaign looks like the best-financed Fulbright has faced. Bernard also has aggressively stumped the state.

The graying, wealthy 41-year-old Bernard is from Earle, in the Arkansas Delta. He is a former state GOP treasurer. He describes himself as a fiscal conservative and a racial moderate and calls for an "honorable peace, not surrender" in Vietnam.

The Peace Corps was established on Sept. 22, 1961.

Out Of The Air

By HAL HUMPHREY

An Impossible 'Mission Impossible'

Executive producer Bruce Geller claims the Democrats fouled up the ending of his two part "Mission Impossible" last Sunday with a five minute "commercial" which forced him to trim 500 feet of his film.

Hal Humphrey

Something fouled up all right, but I doubt that the Democrats should ask full blame. The members of the Impossible Missions Force (IMF) were acting in a highly unethical fashion throughout the story — even for them.

-:-

TO BREAK UP a syndicate boxing racket, IMF chief Chelps (Peter Graves) and his hearties framed one of the syndicate boys into a double-cross on a fixed fight. At the end, Phelps and Cinnamon (Barbara Bain) excused themselves from the big boy's office while the latter had his gunsel shoot down the supposed double-crosser and his muscle man.

Meanwhile, as far as the viewer could tell, the big boss was free to go right on operating his boxing racket, because the IMF crew were busy collecting their other member, Barney (Greg Morris), who had acted as the ringer in the match to upset the fix.

"That's where the cutting of the film hurt us, because it was Barney (Greg Morris), who had enough evidence to convict the others,too. It was implied in an earlier line of dialog, but I guess you missed it," explains Geller.

-:-

I GUESS I DID, along with a few million other viewers, but in a society so currently concerned with "law and order," these syndicate guys freely bumping off their colleagues while the IMF excused themselves seemed a highly corruptive piece of drama to show on TV or anywhere else. And the Democrats had nothing to do with that.

After all, we're supposed to assume that the IMF under-cover agents are on the side of the law. Are we not? Yet here they were, setting up a guy for what they had to know was ultimate liquidation by a colleague who thought he'd been double-crossed.

Granted these were in bad types that the IMF were out to get; still, it shouldn't be their mission to have them killed off. This smacks of the "run-over-them" tactics endorsed by candidate George Wallace, who in the same breath preaches "law and order."

-:-

THIS TAKING of the law into one's own hands always has been a staple in our Western stories and is excused usually on the grounds that either there was no law west of the Pecos yet or the sheriff wasn't strong enough to handle things by himself.

But the setting in "Mission Impossible" is modern, and when the IMF members are operating within the continental United States especially, it would seem to this observer that they should set an example to follow and that it should involve an individual's constitutional rights.

The way this "Mission" ended, it was obvious that our hero Phelps knew when he escorted Cinnamon from the boss' office that there was going to be gunfire and killing. Yet, instead of drawing his own gun and exposing his under-cover role (which he could have done at this point), Phelps elected to let the blood flow where it willed between his adversaries.

-:-

THEN, AS I SAID before, to compound this unethical callousness, I'm sure most viewers were left with the idea that the big boss would go right on operating.

Granted, Geller had a problem in trimming five minutes from his story; he still showed poor judgment in cutting dialog which he says pointed to the condemnation of all concerned in the ring operating this fight racket.

Networks recently have retended great concern for curtailing violence on our screens this season, but most of it has been a matter of holding a fight to one punch instead of seven. Here, with "Mission Impossible," on the other hand, was a sanctioning of a violent end as the only possible solution for the side of law and order.

Man Injured As Car Veers Off Roadway

A 36-year-old Youngstown man was injured in a one-car mishap south of Columbiana Thursday afternoon, one of three accidents investigated by the Ohio Highway Patrol at Lisbon.

Curtis Kennedy, a passenger in a car operated by Geraldine Jones, 29, of Youngstown was taken to Salem City Hospital following the Route 164 mishap at 3:35 p. m.

Officers said the woman was headed south when her 1967 convertible veered off the roadway, came back on the road, went left of the center line, almost hitting another auto, then went off the highway, struck an embankment and overturned.

Both were thrown out of the auto which was demolished, the patrol reported.

Alfred Hozart, 50, of Youngstown was charged with improper passing after his tractor - trailer rig hit another on Route 7 at East Fairfield at 6:10 p.m.

Lester Propst of Harrisonburg, Va., headed north in a tractor - trailer truck, drove to the right to turn into a narrow drive as Hozart attempted to pass, the patrol said. Hozart swerved off the highway to avoid a collision, and his rig went over a steel post.

A deer was killed on Route 7 about a mile north of Rogers at 8:10 p.m. when struck by a southbound 1968 coupe operated by Herbert Moore, 41, of East Liverpool RD 4, the patrol reported. The deer was knocked into the path of another auto whose driver did not stop, Moore told officers.

Eight trophies are being offered. The winner and runner-up in each event also will receive trophies.

In a shoot Wednesday night, Lonnie Adkins broke 25 straight. James Lawton hit 24 and Dave Claypool scored on 23.

In the 10-target high gun shoots, winners were Glenn Ramsey, Luther Adkins, Terry Zaplata and Harold Lewis. Protector teams winning were Ray Thompson and Claypool, three, and Thompson and Gary Tolson, Lawtn and Zaplata, Lanford Blevins and Lewis and Gus Cochran and Perry Borah, one each.

New Officers Named By Glenmoor Firemen

George Hamilton was elected president of the Glenmoor Volunteer Fire Department Association during a meeting Thursday night in the hall.

Other officers for 1969 are Ron Keys, vice president; Harold D. Banks, secretary; Ron Wathey, treasurer; Richard Wolfe, three - year trustee; Ken McPeek, two - year trustee, and Henry Tice, one-year trustee.

Ed Taylor, a junior fireman, was elevated to the membership roll as a regular fireman. It was reported that all street sign standards in Glenmoor have been painted by members.

Hamilton said the department endorses the St. Clair Township fire and road levies.

The Tri-State Fireman's Association will meet in the fire hall Nov. 21. Fifteen attended. Kenneth Mills is fire chief.

Intersection Lighting Program Completed

LISBON — County Engineer John Ursu announced today completion of a program to light every intersection of one county road with another.

He said the total cost of installation and operation of the 19 mercury type streetlights will be approximately $130 per month. The lights will burn from one-half hour after sunset until one-half hour before sunrise, or approximately 4,000 hours annually.

Ursu initiated the program last January. He asked the Ohio Highway Department to light the 43 intersections of county roads and state routes in the interest of safety, but was advised state policy is to light only intersections that have had at least six accidents in a one-year period.

Continuance Granted On Forgery Charges

Municipal Judge Samuel Chertoff today continued until Monday the hearing of a Chester RD 1 woman charged with forgery and set bond at $1,000.

Barbara Ann Starkey, 26, is charged with forging a check drawn on the Potters Bank and Trust Co.'s Wellsville Branch and cashing it at Thorne's Value King store in East End. Charges were filed by Detective W. A. Devon Thursday.

Judge Chertoff said the court will appoint an attorney to represent the defendant, who said she lacks funds to hire counsel.

ANN LANDERS

Daughter Blames 'Mom'

Dear Ann Landers: My husband has been in and out of a mental hospital for the last four years. He's tried to commit suicide five times. He's also tried to kill me.

Our youngest daughter is 20. She continually berates me for "not letting Papa come home." She insists I'm putting him in his grave by keeping him locked up away from his family. She keeps telling me it's my fault becauause Papa is sick — that I nagged him into insanity.

When she talks this way I get so depressed I can't eat or sleep.

My two older daughters understand. This girl does not. I've asked her to speak to the doctors but she refuses. What can I do? — BUFFALO.

-:-

Dear Buff: You can ask the doctor to write a short letter to your 20-year-old explaining the necessity of keeping her father hospitalized. It's not her love for her father but her hostility toward you that makes her behave this way.

When you understand this you'll no longer permit her to make you feel guilty, which is, of course, her prime motivation.

No Way Out

Dear Ann: What does a woman do after 20 years of marriage when her 43-year-old husband comes to her and asks her for a divorce? I'm 39 and have four wonderful children. I love my husband and was shocked when he told me he's fallen out of love and wants to be free so he can recapture that old feeling.

I suggested counseling and he said it would be useless. He wants out. I feel lost and frightened. Two of our children are quite young and I'm afraid I cannot raise them alone.

I'm panic-stricken and bewildered and can't figure out what happened. What should I do? — ST. LOUIS

-:-

Dear S.L.: It sounds as if your husband has already "recaptured that old feeling" — with somebody else. Tell him he is free to move out, but no divorce.

After 20 years of marriage and four children, a man has no right to flake off just because he's found a little more excitement elsewhere. He has an obligation to stick with his family — and make the best of whatever feeling there is.

Sometimes these lover boys get their fill of fooling around when the glamor of stolen moments and secret rendezvous has worn off. They miss their kids and regain their sanity and go back home where they belong.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.

The DOCTOR Says

Hysteria May Cause 'False' Pregnancy

The most unusual example of the power of mind over matter is the false pregnancy. A woman who is firmly but falsely convinced that she is pregnant may cease to menstruate, suffer morning sickness, gain weight and develop a protruding abdomen. Changes may also occur in her breasts and the rumblings in her intestines may be interpreted as signs of life in a fetus.

Dr. Brandstadt

—:—

IN SOME WOMEN, this false assumption may be based on an overpowering desire for a baby and in others it may stem from an equally strong fear of being pregnant. Sometimes even the woman's doctor is fooled, but with the use of modern laboratory tests for pregnancy this is unlikely. The earlier a false pregnancy is correctly diagnosed the better for all concerned.

—:—

SOME WOMEN, when they learn that they are not pregnant after all, start to menstruate the next day. Their other signs of pregnancy also disappear promptly. False pregnancy is believed to be a form of hysteria and in some highly suggestible women it may even occur a second or third time unless the under-lying emotional disturbance is discovered and eliminated.

Q—In the plant where I work, the humidity is kept at 20 per cent and the temperature at 60 to 65. What evvect will a daily exposure to this environment have on my health?

A—**The indoor humidity should** be about 45 per cent for maximum comfort; 20 per cent or lower causes drying of the skin and mucous membranes and a decrease in the activity of the cilia lining the nose and throat.

Q—Please recommend a doctor in my area who uses cryosurgery or supercooling to treat cancer.

A—**Although** this technique is highly successful in some, it is not suited to all victims of this disease. You should find a surgeon in whom you have confidence and let him decide what method of treatment is best for you. Anyone who does not have a surgeon, dermatologist or any other type of doctor he feels he needs should let his local medical society help him find one.

Q—A friend was told by a psychiatrist that she has compulsive behavior. Can this be cured?

A—**This is a form of neurosis** —a disturbance caused by a deep - seated emotional conflict. The victim needs psychiatric treatment. Cure is possible but often difficult.

Fulbright Faces Hard Fight For Re-Election

LITTLE ROCK, Ark., (AP) — Sen. J. W. Fulbright, Democratic chairman of the Senate Foreign Relations Committee, is running one of the hardest races of his career against a Republican farmer-businessman seeking his first statewide office.

The campaign has pushed beyond Arkansas' borders, enlisting contributors for both sides from throughout the country.

Headquarters for Charles T. Bernard, the GOP candidate, has mailed thousands of letters scoring Fulbright's foreign policy record and asking for contributions. But Bernard denies reports that he is receiving the aid of large conservative organizations.

Bernard's letter says liberal groups are "pouring thousands of dollars into the effort to save Fulbright," who is seeking his fourth Senate term.

Hoyt Purvis, Fulbright's press aide, denies that, but says "one or two" national organizations probably have encouraged their members to contribute to the senator.

In addition, letters bearing the name of Poet Archibald MacLeish urging contributions for Fulbright have been mailed from Washington.

"With George Wallace and Richard Nixon dominating the Arkansas presidential picture, and with his Republican opponent powerfully backed by the full financial resources of the right wing across the nation, Sen. Fulbright needs substantial support," the letter says.

Fulbright won renomination in the July 30 primary, receiving 53 per cent of the vote. This was a much closer margin than the 65 per cent he had predicted.

Fulbright has been described by the primary runner-up, self-proclaimed segregationist Jim Johnson, as the "Pin-up Boy of Hanoi."

If advertising in newspapers, on billboards, radio and television is any indication, Bernard's campaign looks like the best-financed Fulbright has faced. Bernard also has aggressively stumped the state.

The graying, wealthy 41-year-old Bernard is from Earle, in the Arkansas Delta. He is a former state GOP treasurer. He describes himself as a fiscal conservative and a racial moderate and calls for an "honorable peace, not surrender" in Vietnam.

The Peace Corps was established on Sept. 22, 1961.

By HAL HUMPHREY

An Impossible 'Mission Impossible'

Executive producer Bruce Geller claims the Democrats fouled up the ending of his two part "Mission Impossible" last Sunday with a five minute "commercial" which forced him to trim 500 feet of his film.

Hal Humphrey

Something fouled up all right, but I doubt that the Democrats should ask full blame. The members of the Impossible Missions Force (IMF) were acting in a highly unethical fashion throughout the story — even for them.

-:-

TO BREAK UP a syndicate boxing racket, IMF chief Chelps (Peter Graves) and his hearties framed one of the syndicate boys into a double-cross on a fixed fight. At the end, Phelps and Cinnamon (Barbara Bain) excused themselves from the big boy's office while the latter had his gunsel shoot down the supposed double-crosser and his muscle man.

Meanwhile, as far as the viewer could tell, the big boss was free to go right on operating his boxing racket, because the IMF crew were busy collecting their other member, Barney (Greg Morris), who had acted as the ringer in the match to upset the fix.

"That's where the cutting of the film hurt us, because it was Barney (Greg Morris), who had enough evidence to convict the others,too. It was implied in an earlier line of dialog, but I guess you missed it," explains Geller.

-:-

I GUESS I DID, along with a few million other viewers, but in a society so currently concerned with "law and order," these syndicate guys freely bumping off their colleagues while the IMF excused themselves seemed a highly corruptive piece of drama to show on TV or anywhere else. And the Democrats had nothing to do with that.

After all, we're supposed to assume that the IMF under-cover agents are on the side of the law. Are we not? Yet here they were, setting up a guy for what they had to know was ultimate liquidation by a colleague who thought he'd been double-crossed.

Granted these were in bad types that the IMF were out to get; still, it shouldn't be their mission to have them killed off. This smacks of the "run-over-them" tactics endorsed by candidate George Wallace, who in the same breath preaches "law and order."

-:-

THIS TAKING of the law into one's own hands always has been a staple in our Western stories and is excused usually on the grounds that either there was no law west of the Pecos yet or the sheriff wasn't strong enough to handle things by himself.

But the setting in "Mission Impossible" is modern, and when the IMF members are operating within the continental United States especially, it would seem to this observer that they should set an example to follow and that it should involve an individual's constitutional rights.

The way this "Mission" ended, it was obvious that our hero Phelps knew when he escorted Cinnamon from the boss' office that there was going to be gunfire and killing. Yet, instead of drawing his own gun and exposing his under-cover role (which he could have done at this point), Phelps elected to let the blood flow where it willed between his adversaries.

-:-

THEN, AS I SAID before, to compound this unethical callousness, I'm sure most viewers were left with the idea that the big boss would go right on operating.

Granted, Geller had a problem in trimming five minutes from his story; he still showed poor judgment in cutting dialog which he says pointed to the condemnation of all concerned in the ring operating this fight racket.

Networks recently have retended great concern for curtailing violence on our screens this season, but most of it has been a matter of holding a fight to one punch instead of seven. Here, with "Mission Impossible," on the other hand, was a sanctioning of a violent end as the only possible solution for the side of law and order.

Man Injured As Car Veers Off Roadway

A 36-year-old Youngstown man was injured in a one-car mishap south of Columbiana Thursday afternoon, one of three accidents investigated by the Ohio Highway Patrol at Lisbon.

Curtis Kennedy, a passenger in a car operated by Geraldine Jones, 29, of Youngstown was taken to Salem City Hospital following the Route 164 mishap at 3:35 p. m.

Officers said the woman was headed south when her 1967 convertible veered off the roadway, came back on the road, went left of the center line, almost hitting another auto, then went off the highway, struck an embankment and overturned.

Both were thrown out of the auto which was demolished, the patrol reported.

Alfred Hozart, 50, of Youngstown was charged with improper passing after his tractor - trailer rig hit another on Route 7 at East Fairfield at 6:10 p.m.

Lester Propst of Harrisonburg, Va., headed north in a tractor - trailer truck, drove to the right to turn into a narrow drive as Hozart attempted to pass, the patrol said. Hozart swerved off the highway to avoid a collision, and his rig went over a steel post.

A deer was killed on Route 7 about a mile north of Rogers at 8:10 p.m. when struck by a southbound 1968 coupe operated by Herbert Moore, 41, of East Liverpool RD 4, the patrol reported. The deer was knocked into the path of another auto whose driver did not stop, Moore told officers.

New Officers Named By Glenmoor Firemen

George Hamilton was elected president of the Glenmoor Volunteer Fire Department Association during a meeting Thursday night in the hall.

Other officers for 1969 are Ron Keys, vice president; Harold D. Banks, secretary; Ron Wathey, treasurer; Richard Wolfe, three - year trustee; Ken McPeek, two - year trustee, and Henry Tice, one-year trustee.

Ed Taylor, a junior fireman, was elevated to the membership roll as a regular fireman. It was reported that all street sign standards in Glenmoor have been painted by members.

Hamilton said the department endorses the St. Clair Township fire and road levies.

The Tri-State Fireman's Association will meet in the fire hall Nov. 21. Fifteen attended. Kenneth Mills is fire chief.

Intersection Lighting Program Completed

LISBON — County Engineer John Ursu announced today completion of a program to light every intersection of one county road with another.

He said the total cost of installation and operation of the 19 mercury type streetlights will be approximately $130 per month. The lights will burn from one-half hour after sunset until one-half hour before sunrise, or approximately 4,000 hours annually.

Ursu initiated the program last January. He asked the Ohio Highway Department to light the 43 intersections of county roads and state routes in the interest of safety, but was advised state policy is to light only intersections that have had at least six accidents in a one-year period.

Continuance Granted On Forgery Charges

Municipal Judge Samuel Chertoff today continued until Monday the hearing of a Chester RD 1 woman charged with forgery and set bond at $1,000.

Barbara Ann Starkey, 26, is charged with forging a check drawn on the Potters Bank and Trust Co.'s Wellsville Branch and cashing it at Thorne's Valu-King store in East End. Charges were filed by Detective W. A. Devon Thursday.

Judge Chertoff said the court will appoint an attorney to represent the defendant, who said she lacks funds to hire counsel.

But Cut Billions From Budget

Congress Put Extra Fund Into Home Area Projects

WASHINGTON (AP) — With the nation's economy facing the worst crisis in decades, Congress voted for record billions in budget slashes this election year. But many of the members who hacked at national programs, jumped the traces and voted extra millions for home area projects.

One example: When one of the major federal school-aid bills came up in the House June 11, economy lost some luster. This program channels school funds into more than 300 of the 435 congressional districts.

The House voted 226 to 133 to increase the budget figure for this aid by $91 million over President Johnson's recommendation. And among the 226 were 140 who also voted for an overall $6-billion slash in federal spending.

Some of those who hammered loudest on the spending lid didn't hesitate to plead with the Public Works Committee that reservoir, flood control and similar projects in their own districts be spared.

Congress did cut about $12 billion net out of Johnson's budget requests of appropriations totaling $138.2 billion, for the fiscal year that began last July 1. Since there is a time lag between appropriations and actual outlays from the treasury, the appropriation and the spending figures for a given year do not agree.

Chairman George H. Mahon, D-Tex., of the House Appropriations Committee told his colleagues they had "reduced the budget requests of the executive branch by a greater amount than ever before in the nation's history."

But he added that the actual spending reduction this year brought about by Congress' actions would be only about $4 billion. The lawmakers told the President to find enough additional cuttable items to bring the whole spending reduction to $6 billion. At the same time they marked off large areas he was not to reduce.

The 1968 economy act, which was combined with a 10 per cent income tax surcharge, was championed in the House by Rep. Wilbur D. Mills, D-Ark., chairman of the Ways and Means Committee, and in the Senate by Sens. George A. Smathers, D-Fla., and John J. Williams, R-Del.

"It will do no good to take $10 billion out of the American taxpayers' pocket if it is just brought to Washington and spent on additional federal expenditures," Mills told the House as he called June 20 for strict financial belt-tightening.

Mills went before the House rules Committee Oct. 3 to support a proposal exempting from the spending cuts about $1 billion for farm price support payments and aid to states for medical programs.

The House approved the exemption without a roll-call vote. So did the Senate.

Earlier, other holes had been punched in the spending and manpower limitations by exemptions for postal and civil aviation employes and other areas of heavy government employment.

Among the top champions of economy in the House were Reps. Durward G. Hall, R-Mo.; H. R. Gross, R-Iowa; Joel T. Broyhill, R-Va.; and Otto E. Passman, D-La.

Their contributions to the tax bill debate included these:

Hall—"We can and should apply our own spending cuts on every appropriation bill."

Gross—"It will be a mistake now to increase taxes without a commensurate cut in spending."

Broyhill—"We cannot solve all the problems with which we are confronted with the federal dollar . . . There is a limit to the amount we can spend."

Passman, long foe of heavy foreign-aid spending, sponsored successfully the smallest aid appropriation bill in history. He emphasized to the House the needed for economy.

But when the House Public Works appropriations subcommittee began its review of financing back-home projects, Passman said he hoped "in its wisdom" it would not cut a big project in his district.

43 'Ringleaders' Fired In URW Strike

DAYTON, Ohio (AP) — The Dayton Tire & Rubber Co. fired 43 employes Thursday who were among 1,600 workers participating in a wildcat strike.

A company spokesman said the 43 were considered ringleaders of the walkout.

Roger Yates, president of United Rubber Workers Local 178, said the company's action probably would prolong the strike, which began at 3 a.m. Thursday.

Yates said the workers were protesting what they claimed to be arbitrary decisions by company officials. No talks have been scheduled in the dispute.

The workers are covered by a work agreement which expires in April 1971. Dayton Tire is a subsidiary of Firestone Tire & Rubber Co.

ANNOUNCEMENTS

2 IN MEMORIAM

IN loving memory of Howard E. Parsons, who passed away 1 year ago today.
Should you go first and I remain,
to walk the road alone,
I'll live in memories garden, dear,
with happy days we've known.
In spring I'll wait for roses red,
when faded, the lilacs blue.
In early fall when brown leaves fall,
I'll catch a glimpse of you.
Should you go first and I remain, for
battles to be fought.
Each thing you've touched along the
way will be a hallowed spot.
I'll hear your voice, I'll see your
smile, tho blindly I may grope.
The memory of your helping hand
will buoy me on with hope.
Should you go first and I remain,
One thing I'll have you do:
Walk slowly down that long long
path, for soon I'll follow you.
I want to know each step you take,
so I may take the same.
For someday down that lonely road,
you'll hear me call your name.

—Sadly missed by wife—Josie, daughters — Martha and Freda, son — Richard.

But Cut Billions From Budget

Congress Put Extra Fund Into Home Area Projects

WASHINGTON (AP) — With the nation's economy facing the worst crisis in decades, Congress voted for record billions in budget slashes this election year. But many of the members who hacked at national programs, jumped the traces and voted extra millions for home area projects.

One example: When one of the major federal school-aid bills came up in the House June 11, economy lost some luster. This program channels school funds into more than 300 of the 435 congressional districts.

The House voted 226 to 133 to increase the budget figure for this aid by $91 million over President Johnson's recommendation. And among the 226 were 140 who also voted for an overall $6-billion slash in federal spending.

Some of those who hammered loudest on the spending lid didn't hesitate to plead with the Public Works Committee that reservoir, flood control and similar projects in their own districts be spared.

Congress did cut about $12 billion net out of Johnson's budget requests of appropriations totaling $138.2 billion, for the fiscal year that began last July 1. Since there is a time lag between appropriations and actual outlays from the treasury, the appropriation and the spending figures for a given year do not agree.

Chairman George H. Mahon, D-Tex., of the House Appropriations Committee told his colleagues they had "reduced the budget requests of the executive branch by a greater amount than ever before in the nation's history."

But he added that the actual spending reduction this year brought about by Congress' actions would be only about $4 billion. The lawmakers told the President to find enough additional cuttable items to bring the whole spending reduction to $6 billion. At the same time they marked off large areas he was not to reduce.

The 1968 economy act, which was combined with a 10 per cent income tax surcharge, was championed in the House by Rep. Wilbur D. Mills, D-Ark., chairman of the Ways and Means Committee, and in the Senate by Sens. George A. Smathers, D-Fla., and John J. Williams, R-Del.

"It will do no good to take $10 billion out of the American taxpayers' pocket if it is just brought to Washington and spent on additional federal expenditures," Mills told the House as he called June 20 for strict financial belt-tightening.

Mills went before the House rules Committee Oct. 3 to support a proposal exempting from the spending cuts about $1 billion for farm price support payments and aid to states for medical programs.

The House approved the exemption without a roll-call vote. So did the Senate.

Earlier, other holes had been punched in the spending and manpower limitations by exemptions for postal and civil aviation employes and other areas of heavy government employment.

Among the top champions of economy in the House were Reps. Durward G. Hall, R-Mo.; H. R. Gross, R-Iowa; Joel T. Broyhill, R-Va.; and Otto E. Passman, D-La.

Their contributions to the tax bill debate included these:

Hall—"We can and should apply our own spending cuts on every appropriation bill."

Gross—"It will be a mistake now to increase taxes without a commensurate cut in spending."

Broyhill—"We cannot solve all the problems with which we are confronted with the federal dollar . . . There is a limit to the amount we can spend."

Passman, long foe of heavy foreign-aid spending, sponsored successfully the smallest aid appropriation bill in history. He emphasized to the House the needed for economy.

But when the House Public Works appropriations subcommittee began its review of financing back-home projects, Passman said he hoped "in its wisdom" it would not cut a big project in his district.

43 'Ringleaders' Fired In URW Strike

DAYTON, Ohio (AP) — The Dayton Tire & Rubber Co. fired 43 employes Thursday who were among 1,600 workers participating in a wildcat strike.

A company spokesman said the 43 were considered ringleaders of the walkout.

Roger Yates, president of United Rubber Workers Local 178, said the company's action probably would prolong the strike, which began at 3 a.m. Thursday.

Yates said the workers were protesting what they claimed to be arbitrary decisions by company officials. No talks have been scheduled in the dispute.

The workers are covered by a work agreement which expires in April 1971. Dayton Tire is a subsidiary of Firestone Tire & Rubber Co.

ANNOUNCEMENTS

2 IN MEMORIAM

IN loving memory of Howard E. Parsons, who passed away 1 year ago today.
Should you go first and I remain,
to walk the road alone,
I'll live in memories garden, dear,
with happy days we've known.
In spring I'll wait for roses red,
when faded, the lilacs blue.
In early fall when brown leaves fall,
I'll catch a glimpse of you.
Should you go first and I remain, for battles to be fought.
Each thing you've touched along the way will be a hallowed spot.
I'll hear your voice, I'll see your smile, tho blindly I may grope.
The memory of your helping hand will buoy me on with hope.
Should you go first and I remain,
One thing I'll have you do:
Walk slowly down that long long path, for soon I'll follow you.
I want to know each step you take, so I may take the same.
For someday down that lonely road, you'll hear me call your name.

—Sadly missed by wife—Josie, daughters — Martha and Freda, son — Richard.

Junior Editors Quiz on UNICORNS

QUESTION: *Did unicorns ever exist?*

* * * *

ANSWER: In Arctic seas, there is a kind of whale, the narwhal, which carries a slender, ivory horn projecting from the left side of his head. Explorers from ancient civilizations may have seen narwhals, or perhaps obtained their horns in trade. Ancient artists were impressed with the idea of an animal with one horn on his head, instead of the two found on cattle and deer. One of them must have experimented with the idea of putting the long narwhal horn on the head of a white horse. The result was so stirring and beautiful that unicorns, or one horns, became widely used in ancient and medieval art, sometimes as symbols of fierceness, sometimes of purity. Knights often used unicorns on their shields as heraldic devices. These, of course, were purely imaginary and mythical creatures. No real unicorn ever existed. But unicorns still stir the feelings of artists, as our picture shows. Ancient unicorns often had beards and cloven hoofs, but the artist of our picture has painted his unicorn in the way he liked it the best.

(Tammy Watson of Nampton, N.H., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Gard Cites Lisbon Potential As Center Of Historic Sites

LISBON — County Commissioner R. Max Gard believes this county seat village could be the "Williamsburg of Ohio."

He mentioned many historical places in and around town Thursday at the Kiwanis Club luncheon meeting in the VFW McKinley room.

Gard said: "There is no place in the United States that has as many 150-year-old buildings as we have in Lisbon. I would like to throw out a challenge:

"I would suggest moving the Nancy Allison house on E. Lincoln Way to the northwest park on the Square, restore it as a log cabin should be and keep it open as an information center sponsored by the Chamber of Commerce to tell visitors about the historical places here and within easy driving distance."

Gard said the cabin could be included in the governor's tour of presidential shrines of Ohio as the birthplace of President McKinley's grandmother.

The Round Corner store on the east side of the Square could be reopened as an old-fashioned country store, operated by Senior Citizens, he added.

He also suggested setting up a blacksmith shop where visitors could see horses being shod, a livery stable with carriages to take visitors for rides through town and along the old Sandy and Beaver Canal towpath, a canoe livery on the middle fork of Little Beaver Creek, the restoration of the mineral spring and the extension of Willow Grove Park downstream to include the spring, and using brick archways between old buildings downtown as summertime galleries for area artists.

John Ebert was program chairman. A. Monty Muntean, president, presided.

Gard Cites Lisbon Potential As Center Of Historic Sites

LISBON — County Commissioner R. Max Gard believes this county seat village could be the "Williamsburg of Ohio."

He mentioned many historical places in and around town Thursday at the Kiwanis Club luncheon meeting in the VFW McKinley room.

Gard said: "There is no place in the United States that has as many 150-year-old buildings as we have in Lisbon. I would like to throw out a challenge:

"I would suggest moving the Nancy Allison house on E. Lincoln Way to the northwest park on the Square, restore it as a log cabin should be and keep it open as an information center sponsored by the Chamber of Commerce to tell visitors about the historical places here and within easy driving distance."

Gard said the cabin could be included in the governor's tour of presidential shrines of Ohio as the birthplace of President McKinley's grandmother.

The Round Corner store on the east side of the Square could be reopened as an old-fashioned country store, operated by Senior Citizens, he added.

He also suggested setting up a blacksmith shop where visitors could see horses being shod, a livery stable with carriages to take visitors for rides through town and along the old Sandy and Beaver Canal towpath, a canoe livery on the middle fork of Little Beaver Creek, the restoration of the mineral spring and the extension of Willow Grove Park downstream to include the spring, and using brick archways between old buildings downtown as summertime galleries for area artists.

John Ebert was program chairman. A. Monty Muntean, president, presided.
